ARLINGTON'S NEW THEATER MAKES BIG HIT

First Showing of Marvelous "Sound-on-Film" Pictures

The reopening of the Arlington Theater Sunday afternoon under the new management, the North West Theatrical Enterprises, and with complete new equipment, from two o'clock in the afternoon to after midnight, was attended by a continuous stream of people. At times the theater was so crowded that people were standing out in the lobby, waiting for seats. The feature picture, "Cut Short," with Marie Dressler and Polly Moran, was screamingly funny, and the stream of crowds enjoyed the show immensely.

Marvelous Sound Reproduction

The sound reproduction is now excellent. In the first place the De Forest sound-on-film equipment is used. There are no scratchy, squeaky records, the sound is taken right off the same film as the pictures, by means of amplification from photo-electric cells. The sounds are absolutely timed with the pictures. Even more important, the tones are smooth, clear, and the volume is practically unlimited. In fact, the volume is kept under control by the operator, according to the number of people present to absorb the sound, and keep it sweet and clear in the auditorium.

The immense horn, if extended, would be about 25 feet long, and the tone comes out easily, naturally, with the lower tones or frequencies just as clear as the higher ones, the "phonophonic" principle employed in certain of the best radios. Sound deadening felt has been freely used in the auditorium, so that no echo interferes with hearing clearly. The De Forest machines themselves were secured only after going around and hearing the different makes; Mr. George Strandt, of the company, being a musician and with an ear for good tone.

How Sound Is Taken From Films

How the marvelous De Forest machines operate, and how photographed sound is made to set the air vibrating again as heard as the pictures were taken, were shown to the Herald reporter by Mr. Dean Miller of the Arlington Theater, in the operator's room.

A strip 1-10 of an inch wide, alongside the pictures on the film, is the "sound track." Looking at it, one sees simply cross lines of varying degrees of light or dark. This is the record.

The film reel is inserted in the spinner at the top of the machine, and threaded down on steel spools with ball bearings, through the light projector or "lens" as boys would call it, then below into another box called the "sound head." At the back of this box a tube is burning with a bright, white light, called the "exciter." The beam of light from the exciting bulb goes through a tube and lens that narrow it down to an intense fine line of light, which as the film comes down through a slot with only the "sound track," one-tenth of an inch wide, exposed, the lines of differing density on the sound track as they come down, play directly in this little flat line of intense light. This casts a shadow. Just behind is a "photo-electric cell," a tube so small that when dark, no electric current goes thru it, but in so far as it is lighted up from the outside, it lets current pass through.

This varying current goes to an amplifier similar to what is found on a radio set, and amplified 1,000,000 times. The current next goes through a volume control, then another elaborate amplifier, and thence to the big horn back of the curtain. The exciting lamp is run by storage battery, to make steady reproduction; the amplifiers by A. C. current.

The marvel was emphasized when Mr. Miller passed a lead pencil across a beam of light from the exciting lamp, and a loud thump was heard in the horn on the stage.

The theater has been made more attractive inside and out, and with the greatly improved sound and picture equipment and stronger programs, Arlington Heights now has a theater that should continue to draw big crowds, not only from its own 5,000 population, but the surrounding country and villages for miles around.

The local managers, Mr. Miller and Mr. Strandt, are two young men with a thorough knowledge of the theater business and are starting in a way that means excellent satisfaction to the theatergoers, with corresponding patronage of the Arlington theater.

Incidentally, the reporter was kindly given the invitation to hear and see his former little friend, Janet Gaynor, in the Wednesday's "High Society Blues."

The Shows

The shows will open every night at seven, Thursday afternoons will be ladies' guest matinees, two ladies for the price of one. Saturday afternoon will be children's matinees. Sundays, the shows will be continuous from two o'clock on. Keep the Herald for the daily programs.

And The Dog Came Back

G. W. Zander was "buying" this week. His dog is back home. The family pet disappeared three months ago and even advs. in the Herald and offers of reward failed to bring back the animal that meant so much to his daughter, Joan. While entering the water at Lake Zurich last Saturday Mrs. Zander suddenly espied a wire haired fox terrier just coming out of the water. It did not take long for Mrs. Zander and the dog to discover each other and no one stepped up to say nay when she took the dog to her car. When G. W. was asked if he is sure that it is his dog, he replied "do not try any Bandenberg business on me, what will you have, anyway?"

TO DEFEND ITS ZONING ORDINANCE

Mt. Prospect Trustees and Public Speak in Favor of Present Zoning

An adjourned meeting of the Mt. Prospect village board was held Tuesday evening for the principal purpose of discussing the provisions of the zoning ordinance which places all of the North Western property, facing the highway in the residential class thereby prohibiting the use of such property for storage of poles, building materials, etc.

Every member of the board of trustees present spoke in favor of the provision of the present ordinance and when Mayor Meyn gave the general public an opportunity to express their desires, no one favored any change and approved the use of the so-called "front yard" of Mt. Prospect for such purposes. An invitation had been extended to the railroad company to have a representative present, but due to the fact that village attorney Thal was unable to be there, the railroad was not represented.

Following the general discussion a motion was made, directing Mr. Thal to file a remonstrance with the railroad company for allowing the use of their property for storage purposes, and asking that it be cleaned up as soon as possible.

Other minor business was considered. The final report of E. F. Laurin, auditor, on the village finances, was received and referred to the finance committee for examination. The purchase of a suitable filing cabinet was ordered. The treasurer was asked to call in as many of the special assessment bonds as funds permitted. An officer of settlement with the Keystone Pump Co. of 15 per cent interest for pump purchased in 1925 was made. Failure of the pump to meet requirements was given as the reason for the reduction in the bill. The contract price was \$2,180.

State Works on Grade Separation Plan, Lions Told

The state highway department is working on a plan for grade separation at Dundee road and the Northwest highway, that dangerous crossing at the top of a hill, where 20 persons have been fatally injured besides scores of others hurt, Julius D. Flentie of the committee reported to the Lions club of Arlington Heights, Tuesday evening. He mentioned the resolution passed recently by the County Board, as presented by County Commissioner Wm. Busse of Mt. Prospect, asking the state to construct a grade separation there.

Asked more particularly about the present condition of the crossing, Mr. Flentie mentioned that two danger signs have been put up there since the recent killing of two persons and injuring of two more; but that there is an "Eggs for Sale" sign up there as well as a truck stationed there at times, which are sources of danger inasmuch as they divert attention from the danger signs and the dangerous condition of the crossing.

The club enjoyed their usual excellent dinner served by the Lutheran ladies, and indulged in some hearty singing. Vice president Alfred Jasper presided in the absence of President V. I. Brown.

Caretaker at Beverly Lake Takes Own Life

Henry C. Hilgendorf, 4845 Wabasha avenue, Chicago, caretaker at Beverly Lake on Higgins road, committed suicide Thursday afternoon by means of a shotgun. Apparently he was despondent over ill health.

County police took charge of the body, and the inquest was held at the Lauterburg & Oehler home for funerals at Des Plaines, the verdict being of suicide while temporarily insane.

Burial was at Ridgewood cemetery, Rev. Bald of Trinity Lutheran church officiating at the funeral Monday afternoon.

KEEN INTEREST IN LUTHERAN CELEBRATION

Committee Appointed Monday Night by Executive Board

The interest aroused by the mass celebration of the Four Hundredth anniversary of the Augsburg Confession at Camp Reinberg, September 28 is spreading to other Lutheran groups of the North Illinois district. From all sections of the district the idea has met with enthusiastic response on the part of pastors and congregations, and the various committees of pastors, teachers, and laymen are working with sincere enthusiasm for the success of the great project. Judging by the general eagerness expressed for the undertaking it is confidently expected that this joint celebration will represent the largest gathering of Lutherans ever witnessed in Illinois.

The Arlington Heights committee, acting as executive board of the project, met Monday night for the purpose of formulating the general plans and appointing the chairmen for the various committees. Following are the committees selected by the board.

The committee of pastors under the chairmanship of Rev. Noack, Arlington Heights, will have charge of the program of services and the selection of the speakers. A committee of Lutheran school teachers, Mr. O. Koib of Arlington Heights, chairman, will assume the ambitious task of organizing a mass adult choir and a mass children's choir for the occasion. All of the eighteen congregations sponsoring the celebration will be invited to join with their church choirs and school children.

Rev. H. C. Fricke of Arlington Heights will direct the activities of the large publicity committee. Letters will be sent to all pastors and congregations of the district urging them to support the undertaking. Regular articles will appear in all the Lutheran periodicals as well as the local papers wherever the Lutheran church is represented. 20,000 attractive pluggers will be distributed throughout all the congregation of the area.

The ladies' auxiliaries of the Fairfield church (Rev. Gerth) and of the Palatine church (Rev. Poelot) have been appointed for the big task of providing food for the thousands of worshippers.

The Palatine Lutherans under the direction of Mr. H. C. Freise will regulate the parking. Committees selected from Itasca, Northfield and Des Plaines will manage the refreshment details. Mr. Herman Schwake of Elk Grove will supervise the work of the staff of collectors and Mr. Paul Kolb of Elmhurst will direct the corps of ushers. The tremendous problem of seating has been placed into the capable hands of our county commissioner, Mr. Wm. Busse of Mt. Prospect. A group of Lutherans from Palatine will provide the direction markers for the various highways and a committee of Des Plaines will have charge of the transportation problems.

Mr. Wm. Bendien, the secretary of the executive board, has informed the various committee chairmen of their appointment and outlined the duties of their committees. The chairman will meet with the executive board next week to work out in detail all the problems of their respective committees. Considering the high quality of the personnel in charge of the celebration, the conviction has been expressed by the executive board that the results will more than justify the confidence reposed in them.

Autoist in Crash Saves Own Life by Presence of Mind

Charles Neargard, 4212 N. Monticello avenue, Chicago, aged 69, driving home from Crystal Lake Sunday about 1:30 o'clock, on the Northwest highway, east of Mt. Prospect, when a Chevrolet traveling in front of him from the opposite direction, to avoid hitting the car just ahead of it. A collision ensued.

Flying glass severed Neargard's jugular vein, and one of the major arteries in his neck, but he had the presence of mind to stick his finger in the wound, thus holding down the severed blood vessels and keeping back the flow of blood until he could be taken to the Des Plaines emergency hospital. This saved his life. He was taken on to the Ravenswood hospital Monday.

Mrs. Neargard, accompanying him, also suffered injuries.

Community Nurse To Take Vacation; Service Continued

The community nurse of Arlington Heights, Miss Martha Jackson, is to take her vacation beginning next Monday, Aug. 18, until Sept. 2.

Anyone who wants service, or knows of needy cases should call Mrs. John Allen, Arlington Heights 190, or Mrs. George Parker, 58-J, Miss Altman of Des Plaines will relieve in Arlington Heights during Miss Jackson's absence.

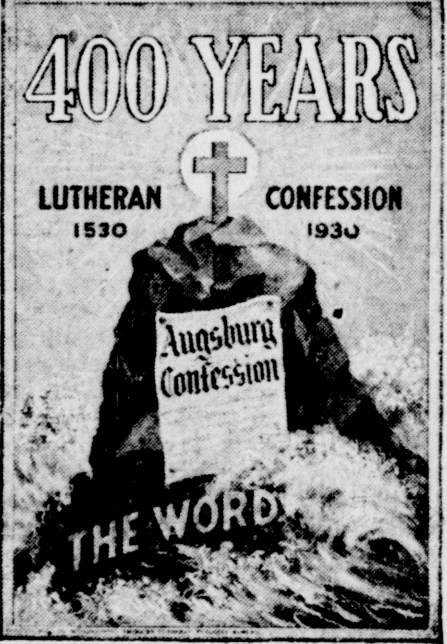

Lutherans Celebrate Anniversary of the Augsburg Confession

Acknowledge Oldest Formal Official Creed of Protestantism

Throughout the world millions of Lutherans are celebrating this year the four hundredth anniversary of the reading of the Augsburg Confession before the Diet of Augsburg on June 25th, 1530.

Lutherans of this district are also celebrating this event, culminating in a great mass celebration at Camp Reinberg, near Palatine, September 28, at least sixteen congregations to participate. In an age which largely demands "Not creed but life" it is noteworthy that an entire church should not only commemorate the publication of its first official confession of faith but should adhere without reservation to a creed four hundred years old, the oldest formal and official church creed in force among Christians today.

"Lutherans believe that a life without a creed is like a ship without a rudder, that conscience can be right and can be kept unerring only when guided and shaped by definite principles supplied by the Scriptures. Since the Lutheran confessors at Augsburg made the Bible the one and only source of Christian faith and confirmed every statement by clear passages of Scriptures, Lutherans today maintain that the passing of centuries can not in the least have affected their confession and therefore still acknowledge it unflinchingly and uphold it staunchly," writes an authority of this church.

Two Million Stamps on Mail

At the Diet of Spires in 1529 the Lutheran minority had protested against the union of the majority and thus gained for itself the name "Protestants," which is now applied also to other denominations which came into being later but had no part in the original protest. In the following year Emperor Charles V called upon the Lutherans to prepare a statement of their teachings to be presented for consideration at the Diet of Augsburg. As is to be expected in the light of the controversy then raging, the document

Eleven Hurt; Two Fatally, at Higgins & Mannheim Roads

As a result of injuries received in a collision at Orchard Place, on Higgins road near Mannheim road, Wednesday afternoon of last week, Murray McLeod, 225 Warwick road, Kenilworth, president of the Irving Park National bank and vice president of the Portage and Albany Park National banks passed away Saturday night at the Ravenswood hospital. His funeral was held at his home Tuesday morning.

The first fatality from the same accident was of Mrs. Max Przyborski, 1610 Sheridan road, Chicago, who expired Thursday night at the Des Plaines Emergency hospital. Her husband, an assistant member of the Illinois commerce commission, prosecuting attorney for Lake county, and prominent politician, is reported to be in a very serious condition, and a big section of Indiana, taking in the northeast part of the state, "Farmology" has asked Cook county farmers to report any of the borer found in Cook county.

Whizzes Past Stop Sign in Palatine; Three Cars Smashed

Three cars figured in a smash-up Sunday morning at the intersection of Palatine road, or East Chicago avenue in Palatine, with the Northwest highway.

Joe Horvat of North Chicago drove his Chevrolet at a high rate of speed eastward down the incline and past the stop sign, almost completely wrecking a Studebaker driven by a Dr. Schell of Mazomania, Wis., and spinning it around to crash into a Dodge car, also on the highway, driven by a man from Argo, Ill. The Dodge had been brought to a stop at Palatine road, the driver anticipating trouble, and got hit anyway.

Police, not finding any of the Palatine judges at home, called upon Justice Wm. E. Kopplin of Arlington Heights to make out the bond. The doctor stayed over for the trial Monday afternoon, in the Village hall of Arlington Heights before Justice Kopplin. Attorneys took up considerable of the afternoon with their arguments. Horvat was fined \$15 and costs. Civil cases will follow for recovery of damages.

Shock. The baby had to have stitches in the forehead and nose.

READING THE AUGSBURG CONFESSION

stresses the cardinal point of difference between the two opposing parties, that the justification of man before God is by faith alone, that a man is declared righteous before God not in consideration of his own virtue and character but solely and alone because of the merits of Christ which become his through faith.

Lutherans point with pride to their political principles set forth in the Augsburg Confession. Two hundred fifty years before the American Constitution was written their forefathers insisted upon the very principles which were first put into practice generally by the United States, the separation of Church and State and the liberty of the individual conscience. The Augsburg Confession proclaims separate spheres of Church and State. It sets forth a conviction of rights of the State over the Christian as a subject as well as the Christian's duty to the State as a subject. It attacked the conception that the Church is a great world-dominating power, taught the obligation of legitimate civil ordinances, the lawfulness of Christians bearing civil office, the duty of the State to demand oaths, and to enact penalties. It affirmed a right of the State to wage "just wars" and an obligation of the Christian citizen to bear part in them.

An article emphasized by Evangelical Lutherans, as of particular interest to Americans today is the 28th reading as follows:

"Since the power of the Church grants eternal things, and is exercised only by the ministry of the Word, it does not interfere with civil government. For civil government deals with other things than does the Gospel. The civil rulers defend not minds but bodily things against manifest injuries and restrain men with the sword and bodily punishments in order to preserve civil justice and peace. Therefore the power of the Church and the civil power must not be confounded. The power of the Church is thus committed to teach the Gospel and to administer the Sacraments. Let it not break into the office of another; let it not transfer the kingdoms of this world; let it not arrogate the laws of civil rulers; let it not abolish lawful obediences; let it not interfere with judgments concerning civil ordinances or contracts; let it not prescribe laws to civil rulers concerning the form of the Commonwealth."

BOOTLEG EARS OF CORN SOUGHT IN BORER CAMPAIGN

Motorists returning from Michigan and northern Indiana report being stopped by agents of the U. S. department of agriculture and searched for bootleg ears or other parts of corn including sweet corn. This is for prevention of the spread of the one-generation strain of the European corn borer, which has approached Cook county to as near as about Valparaiso, Indiana.

The area under quarantine includes the states of Michigan, New York, Vermont, and parts of Massachusetts, Connecticut, most of Pennsylvania and Ohio, (the southern parts not affected), and a big section of Indiana, taking in the northeast part of the state. "Farmology" has asked Cook county farmers to report any of the borer found in Cook county.

COOK COUNTY SCHOOLS DRAW BEST TEACHERS

Flood of Applications Enable Officials to Discriminate

Among the reasons why the rural schools of Cook county are preeminent is the caliber of its teachers. The office of Supt. E. J. Tobin is flooded with applicants of teachers who desire to teach in Cook county. H. J. Byrd, assistant superintendent, estimated Monday that there are fifteen applicants for each position to be filled.

"It is a case of the survival of the fittest," said Mr. Byrd. "With so large a number to choose from, of course, those with the greater amount of education and training receive preference. As an example, the Wilson school, district No. 24, a mile north of Arlington Heights, on Palatine road, is one of the oldest school houses in Cook county. It is a relic of fifty years ago, yet the 'school marm' who will preside over it the coming year is a university graduate. Miss Lucile Oldfield who will be the teacher, has all the requisites of a high school position, yet she is starting her teaching career at the bottom of the ladder. The pupils who will attend Dist. 24, next year will have the benefit of an instructor not to be found in many of the larger graded schools."

The board of directors of the rural schools of the county are quick to profit by the situation and insist that they have the best teachers obtainable. In this way the schools are receiving at moderate costs teachers who under ordinary conditions would only be obtainable at much higher salaries.

Anglers Asked to Watch for Tagged Fish at Lakes

H. H. Deverman, deputy game warden of this section is posting appeals to the fishermen to watch for tagged fish. Anglers catching such fish are asked to send the tags to the National History Survey, Urbana, Illinois.

The migration and growth of important kinds of Illinois fishes are being studied by marking them with small metal tags clamped to the upper side of the tail fin. These tags have a number on one side and INHS on the other.

Bass, crappies, blue gills, sunfish, wall eyed pike, pickerel, sheepshead, channel cat, mud cat, bullheads, carp, buffalo, redear, suckers, etc., have been tagged in many parts of Illinois. Records have been kept showing the exact kind, weight, length, tag number, and the place and date that each fish was tagged and released.

We invite fishermen to cooperate by returning the tags and to 10 scales from the middle of the left side of the fish to the National History Survey, Urbana, Illinois, with information showing the body of the fish and exact location where the fish was taken, and if possible, the weight and length.

If desired, the tag will be returned with information showing how far the fish had travelled and how much it had grown since it was originally tagged.

Tom Thumb Golf Endurance Contest Now in Progress

An endurance contest in Tom Thumb golf is being played at the Tom Thumb golf course at Northbrook, near Euclid avenue, in Arlington Heights. The boys start Saturday at one o'clock, playing 24 hours a day with ten minutes rest each hour. The winner is to get prize money of \$1 per hour over the first 50 hours he shall have stuck it out.

The Town Pump is donating the meals, Staele's dairy the dairy products, the Turf Cigar store, cigarettes; Bolter's shoe store, shoes; and the Arlington Toggery, the golf clothes.

Visitors and players are always welcome 24 hours a day and any donations will be greatly appreciated by the boys.

A WORD TO PARENTS

YOUR GREATEST CONCERN is the welfare of your children. On their future depends your happiness as well as theirs. Whatever contributes to their success and advancement meets with your approval and support. Then why not give them a few months in a Business College, that has trained and commercially educated thousands of young men and women and started them on the road to success and happiness through its Placement Bureau.

Our Advertising Columns have suggestions as to schools.

Public Health Body Organizes; New Committees

By-laws for the new Arlington Heights Public Health committee organization were submitted by Superintendent of Schools E. D. Whitmore Tuesday evening at the regular meeting at the Health center in the Village hall, and were adopted.

Mrs. G. L. Parker was elected vice president. Committees or sub-committees were announced by the chairman, Mrs. John Allen, as follows:

Social service—Walter Boireau, chairman; Mrs. Roy Dobbins, V. Pecchia, Mrs. H. W. Freise, Otto Landmeier.

Ways and Means—Mrs. G. L. Parker, chairman; Principal V. I. Brown, Mayor P. J. Mors, Dr. H. G. Dunn, Gottlieb Schneberger. Infant Welfare—Mrs. H. B. Smith, chairman; Mrs. Wm. Beckmeyer, Mrs. Therman Dodge, Mrs. Richard Bray, Mrs. Olga Hofstetter.

School Work—Supt. E. D. Whitmore, chairman; Rev. J. T. Whigener, Rev. H. C. Fricke, Principal V. I. Brown.

Publicity—H. W. Evans, Chairman; Supt. Whitmore, James A. Keiser, Thomas Wilson.

The Christmas seals committee will be appointed later, the chairman announced.

Arrangements for financing were discussed, present and future. The right way is by taxation. The committee is agreed, but it will not be possible to put that into effect for many months, and then only after putting the proposition up to the voters at the next village election in April.

The work is now supported partly by regular donations by the village board, organizations, schools and individuals, partly by Christmas Seals and the Chicago Tuberculosis Institute.

The committee hopes to make the public health and social service work, the school health service, and the infant welfare, as well as the financial needs of the work, much better understood.

The next meeting of the committee will be Sept. 9. Regular meetings are on the second Tuesday of each month at the health center.

TRUCK GROWERS OUTING WILL BE THIS SATURDAY

Inspection Tour of Experiment Plots to Precede Picnic

The Cook County Truck Gardeners and Farmers association is to have their annual outing and annual inspection of the Cook County Experiment field, Saturday, Aug. 16.

They will meet at ten o'clock at the Experiment station grounds, which are controlled by the Department of Horticulture of the University of Illinois; and are in charge of superintendent E. P. Lewis. Mr. Lewis and Entomologist C. C. Compton will conduct the party through the plots, explaining the different methods of spraying for insects and diseases; also the various combinations of fertilizers applied to the soil, and results secured.

At noon a picnic luncheon will be enjoyed by members, their families, and friends of the association at Camp Hoffman, which is located on Dec road, one-fourth mile north of Town of Maine, center on Touhy avenue, between Park Ridge and Des Plaines.

The entire afternoon will be given to the picnic, with races and amusements for the children, interesting and popular speakers on farming and truck gardening subjects, and band music to be enjoyed by everyone. This fifth annual affair will be somewhat different from those of former years. More stress is laid on entertaining the families. It will be an opportunity for truck growers all over the county to meet each other.

The funeral of Mr. Lou J. Gathman was held Monday afternoon. An obituary will appear in our next issue.

MUST RUSH N. W. HIGHWAY WIDENING

Motorists to be Kept off Highway to Permit Construction

The only section of the Northwest highway between Palatine and Des Plaines that is not closed to traffic is the section between Mt. Prospect and Arlington Heights. The latter section will probably be closed within a very short time. The greediness of motorists who seem to think that they have the right of way over workmen along the road is directly responsible for the closing that could otherwise remain open for some time. Milburn Bros. report that men engaged in demolishing the abutment of the old culverts along the highway had their lives continually endangered by motorists. The public utility companies now refuse to have their men working on the removal of poles, unless the street is closed. The closing of the roads is done under orders of the state highway department and not the contractor. The highway department is also responsible for the erection of detour signs. The present plan of detouring traffic over Elgin-Evanston road from Des Plaines to Plum Grove Ave. at Palatine, is only temporary. The state desires to adopt the most direct route, one that will be satisfactory to the general public. Traffic that enters the highway at Mount Prospect and Arlington Heights is being routed north on the old road near the race track to Palatine road and thence into Palatine. The state is considering the advisability of directing all thru traffic north from Des Plaines over River road to Milwaukee Ave. and thence west on Dundee road. The opening of Rand road within ten days will probably change all detours to that highway.

State Refuses Request of North Western Railroad

The recent purchase of the P. L. Z. & W. trackage between the village of Palatine and Baldwin road is reported to be held in abeyance due to the unwillingness of the state highway department to give that railroad permission to operate across the old Northwest highway. Unless the railroad is given such right, that company is not willing to rebalt the roadbed and place it in such shape that material cars can be operated to Baldwin road for the handling of road construction material. The contractor, Milburn Bros., will erect their unloading bins, etc. at Palatine, hauling the material by truck.

The delay of construction due to the races at Arlington Park, has been costly to the contractor, who is now required to start operations at several points, bringing new outfits here for the work. This also means the closing of the highway the entire length at the same time.

Work has been started on the eastern end at Cumberland where a fill is being made on the location of the grade separation for Route 19 and the Elgin highway. The state will open the road next month for the construction of the viaduct. All of the old cement in that neighborhood, which is where Paddy Harmon lost his life two weeks ago, is being broken up. The same procedure will be taken at the curve at Hicks road.

Start Pouring Cement Friday.

The first cement will be poured Friday at the intersection of Baldwin road and the Northwest highway and will progress as rapidly as possible. Property owners along Baldwin road have dedicated sufficient land to make it a 100 foot highway. Some of them now claim that at such dedication they were under the impression that the road would be forty feet wide.

The subway under the Northwest-western cut-off and Soo line at Des Plaines is now being widened, and temporarily there is one-way traffic through it.

Widening operations, construction of bridges, grade separations and other improvements have resulted in an unusually large number of detours in motor thoroughfares in the metropolitan area.

WHEELING DAY WELL ATTENDED

The third annual Wheeling Day was a decided success in view of the handicap occasioned by the storm and heavy downpour of the afternoon. The afternoon program was necessarily cancelled, and for a while it seemed that complete postponement would be most advisable. However, with the clearing of the weather, the plans were carried forward, and a large crowd from communities near and far, soon swarmed over the grounds.

The men of the community did their best to offset the difficulties presented by the weather, and gave a picnic in a most cooperative manner to the many who came to patronize them. They appreciate greatly the efforts of all who contributed to the success of the evening. The drawing for the Chrysler 6 four-door sedan was held at about 12:30, and Mr. Henry Shilly, a farmer living on Sanders road, was the holder of the lucky ticket.

Don't forget the Boosters ball game on the east side Sunday.

Mr. and Mrs. Raymond Hays of North Dunton avenue are spending their vacation with their parents in Indiana.

Robert James Wayman spent the past week with his cousin, Chester Sietoff, at the Boy Scouts camp at Schiller Park.

Mr. and Mrs. U. A. Reese were called to Wisconsin Tuesday by the death of Mrs. Reese's cousin, one of the Roaches.

Mrs. Wm. Waide spent a day with her sisters and other relatives here. With her husband, Rev. Wm. Waide, she was on her way to spend the month with his mother at Philadelphia.

Mr. and Mrs. Doll, who occupied the Welinski home on North Dunton during the racing season, have gone to their home in Maryland. Mr. Welinski's family are returning from their European trip soon and will again occupy their home.

Miss Irma Mueller and Miss Gertrude Adam, arrived home within the past week from their tour abroad. Their time was limited to five weeks, all too brief for the places they desired to see. There was a happy reunion in the Adams home this week when all the absent ones gathered under the parental roof once more.

The J. P. Hausman family came home this week after a delightful outing, at White Fish Lake near Hayward, Wisconsin. No better place to spend a vacation than among the lakes and woods of Wisconsin.

The Friendly class had their regular meeting and social afternoon Tuesday in their rooms in the parish house.

Mr. and Mrs. Paul Arnehan leave here this week Friday for an auto trip to St. Paul to visit relatives in their old home.

Friday last week Mesdames Victor Pecchia, Thurman Dodge, Bruce Jarvis and Charles FitzPatrick attended a meeting of the Barrington Garden club in the afternoon. In the evening Mrs. Paulsen and several other ladies attended.

Mr. and Mrs. C. F. McElhose, and her mother, Mrs. Pierce came home from their visit to Mrs. Pickens home at Beverly last week.

Mr. and Mrs. Leslie A. Moodie and family came home last week after a month's absence. During the time, Mrs. Moodie spent some time with her mother in Chicago. One week Mr. and Mrs. Moodie spent in the northern woods and Lake Region of Michigan.

The Woman's club held a board meeting Monday afternoon with the president, Mrs. E. D. Whitmore in her home on Evergreen avenue.

Don't forget!! Legion party Friday, August 15, at the Legion. Cards, Bridge and Five Hundred. Porch party and everything. Tickets 50 cents.

Mr. and Mrs. B. U. Hills and daughter, Lorraine, returned from their trip north Wednesday evening. They had a very pleasant trip and returned to the region they went to tour.

The Raoul Peeters had a severe attack of illness last week. First Mrs. Peeter and their two sons, and later Mr. Peeter came home from his business sick, in the same strange manner. Something broke on by extreme heat. They speak of the kindness of neighbors in their need.

Mrs. Augusta Garland returned to the home of her niece in Chicago after a few days spent with her son, Harry Garland and family.

Mr. and Mrs. Alfred Radtke of Fair Oaks, Wis., were guests of his sister, Mrs. H. E. Olsen and family of Derbyshire Lane, Stonegate last week.

Mr. E. D. Whitmore with Mrs. Whitmore and the children arrived home Saturday night after a fortnight's vacation in northern Minnesota, properly clothed in a coat of deepest tan, and convinced that they enjoyed a pleasant vacation.

Mr. J. P. Hausman, his daughters, Miss Celia and Miss Lydia and his son, Mr. Frank Hausman, enjoyed a trip to Hevwood, Wisconsin, last week, where they report they are having a delightful outing.

Mrs. Hoffman of North Vail St. entertained a company of six ladies in her home Wednesday afternoon last week. Games and choice refreshments make the hours pleasant for her guests.

Mr. and Mrs. Cuny and their daughter and little grandson, Donald, came home last week from a rather stormy week at Eagle River 360 miles north in Wisconsin. The place was dreary with the cabins were filled last summer. This year all were vacant. One lone light across the lake looked cheery to them as they were beset by storms and violent winds, altogether rather a disappointing outing, so home looked inviting to them.

A card from Mrs. G. M. Adam and her daughter, Miss Adelaide tells of their visit to Mrs. Weinhardt's summer home, "The Pines" on Lake Leland, Michigan. It must be a beautiful place amid the pines and near the cooling waters of the lake.

The Reuben Davis family, have come home to their house, leased for a month. A part of the month they spent with Miss Thompson, near Barrington. Later they visited relatives in Wisconsin.

Mrs. Isabel Cuny Oefelein and little Donald went to Wilmette on Monday night to visit with her friends there several days.

Mr. Harold Oefelein of Los Angeles is expected to join Mrs. Oefelein who has been with relatives and friends here for some time. Harold has eleven days to spend. Ora may stay a little longer to finish her visit.

Mr. and Mrs. Gustave Framberg and children with Mr. and Mrs. Harold Peter went to spend some time touring, shorter or longer according to weather conditions.

The family of Mr. Charles Peters are expecting a visit from their son, Raymond, who has completed his first four year term in the U. S. Navy and has re-enlisted for another four years. He has been around the world and enjoyed many educational experiences. His parents and friends are anticipating much from his furlough and we hope it will not be cut too short.

Mrs. P. Stuber and Mrs. Elizabeth Stuber and daughter, Dian of Chicago are guests of Mrs. Henry Stuber.

Don't miss the Legion party at the Legion home Friday night 8 o'clock, August 15. There will be refreshments.

Mr. and Mrs. Harold Peter and Mr. and Mrs. P. Gorsuch got up and made an early start Sunday morning for a motor trip to Fox Lake, Wisconsin, spending the day there and returning in time to reach home Monday morning. While at the lake they visited friends and had an enjoyable outing.

Lester Lewis enjoyed a day at the circus in Chicago last week. What boy wouldn't enjoy the circus?

Mr. and Mrs. James Jerousek and family of North Dunton avenue spent Monday at Riverview park.

Mr. and Mrs. Poulsen and Mr. and Mrs. Miller and little Robert from Park Ridge spent Sunday with their parents, Mr. and Mrs. Charles Peters of North Dunton avenue.

Mrs. Grupe and three children from Chicago have been spending some time with the family of Mr. and Mrs. Henry Grupe in their home on North Dunton avenue.

The Ever Ready club will hold their regular meeting with Mrs. C. F. McElhose Wednesday this week. A rallying day for the returned vacationists.

Mrs. Otto Heiman entertained a group of ladies in her home, North Dunton avenue Thursday. Bunco and the best of refreshments afforded a pleasant afternoon.

Dr. and Mrs. Edward A. Grabarski left here first of the week in their car for New York and from there they will look for Europe on the S. S. Europa, for their delayed tour of the continent.

Mrs. Hal Young of Carlyle Place with her cousin, guest, spent the week-end at Marinette, Wisconsin.

Mrs. Klemme and Mrs. Blumer from Chicago were guests of their sister, Mrs. C. P. Draper last week.

Don't forget the Legion party August 15th (Friday.)

Mr. Seitz, with his wife and son, Walter, took a pleasure trip to attend the wedding of their nephew, Ernest Pohl and Miss Gertrude Procter, at the Lutheran church, July 31, and visit friends at Green Bay, Manitowoc, and other points up north in Wisconsin. They traveled over 800 miles and returned safely in their auto without any tire trouble.

Mrs. Fayette Briggs will spend the week-end at Earlville, Ill., with her mother.

Rev. Samuel Taylor returned Tuesday morning from his vacation near Sturgeon Bay, Wis., looking fine and carrying a good coat of tan. Mrs. Taylor and three children will return next week. John, who was at the Boy Scout Camp, has been staying since with the Sayers family.

Miss Belle Bird is camping with friends near Sturgeon Bay, Wisconsin.

Arlington Heights Eastern Star meets Thursday evening, August 14, at 7:30 o'clock. Job's Daughters will show their work. A large attendance is desired. All O. E. S. members are welcome.

Mr. and Mrs. Nikolaus Weismann, 550 W. Campbell street, were kind enough to send the Herald news of their recent "Wonderful trip on the Europa," a North German Lloyd ocean liner. They enclosed copies of a daily magazine and newspaper published aboard ship, giving news received by wire; also a program of Horse Races held in the social hall, the last being a mule race, the last one the winner. The Weismanns are to travel as far as Austria and Roumania, seeing gorgeous mountain scenery and picturesque cities.

The Garden club meets Wednesday evening this week at the home of Mrs. Victor Pecchia, 717 South Mitchell avenue.

The police reporter is told on good authority that Street Commissioner Minz has not been back to the Old Orchard Country club to beat his previous good record at golf, but is still complaining of his back and feet hurting. He is improving, his puts at the Tom Thumb Golf Course.

The Police department challenges the Lions club to a game of indoor baseball and believe they have a good chance to win.

Wilson Whitmore, son of Supt. Whitmore, caught an 8-pound northern pike at Evergreen Beach, the summer resort of Herman Heidorn at Perham, Minn., where the Whitmores are spending their vacation.

Miss Minnie Schmitt returned last Thursday from a vacation trip thru the west. The places of interest that she visited were Denver, Colorado Springs, Salt Lake City, Yellowstone National Park and returning via the Northern Pacific stopped over at Minneapolis and St. Paul.

Worker Liberty League Visits Brother in Heights

Calvin Hoyt, 408 S. Mitchell, entertained this week, his sister, Mrs. Gertrude DeBow who came to Chicago from Kansas City to open up national headquarters in Chicago for the Women's Auxiliary of the National Liberty League. She is a strong adherent of J. Ham Lewis, democratic candidate for senator and will work in his interests as well as all other wet candidates. She states that she is for "good liquor" under government control. Her principal effort will be among women to interest them in a repeal of the Illinois prohibition laws, a national referendum on the 18th amendment and a wet plank in both national conventions in 1932.

Arlington All-Stars Win Two Games from Roselle Junior Team

The Arlington All-Stars, recent graduates of the public schools of Arlington Heights, defeated last Sunday the Roselle junior team in a double header; 6 to 5, and 8 to 3. The batteries for Arlington in the first game were F. Giesecke and "Red" Koelling. Giesecke allowed 13 hits, and had 14 strike-outs. Hattendorf allowed 18 hits, and had nine strike-outs. F. Brodman, was star in the infield and A. Brodman, shone in the outfield. R. Koelle got the most hits.

The batteries in the second game for Arlington were F. Brodman and "Red" Koelling; for Roselle, Zarnd and Giesecke.

A big, powerful STUDEBAKER

70 horsepower 114 inch wheelbase

\$795
TO \$995 AT THE FACTORY

A BIG and beautiful car, of 70 horsepower, and 114-inch wheelbase... a car built to Studebaker's 78-year-old standards of quality. Never has so powerful a car been sold for so low a price. Below \$1000, there is no comparable car-per-dollar value. Check its quality. Consider such features as Thermostatic control of cooling, Double-drop frame, Self-adjusting spring shackles, Full power muffler, Gasoline pump, Lanchester vibration damper, Cam-and-lever steering, and Clutch torsional damper.

But see the car, drive it, verify its many fine-car features before you decide.

The Beatys Return from Tour in West

Mr. and Mrs. D. G. Beaty, with their son, J. Y. Beaty and daughter, Roberta, in J. Y. Beaty's car, took a fortnight tour through the northwest as far as the wonderful Black Hills country.

They are enthusiastic over the marvelous scenery of this part of the country, the heights of the mountains, the grotesque and fantastic rock formations, caves, grottoes and cliffs.

They gazed with wonder on the face of Washington being carved by that skilled sculptor, Borglum, a part of the great American memorial to consist of the heads of Washington, Jefferson, Lincoln and Roosevelt. They saw the sculptor at work on the side of Rushmore mountain, over two hundred feet high. This wonderful memorial will be seven and one half times larger than the great Sphinx of Egypt. They saw the great natural bridge, equal to the noted one in Virginia, Crystal cave, Sylvan Lake, and all the spread of beautiful and interesting scenery.

Our friends only wish more of our people knew about this magic land for summer tourists.

At Madison, South Dakota, Mr. J. Y. Beaty visited his Alma Mater, Madison college.

Mr. and Mrs. D. G. Beaty visited their old farm, their home for 15 years or more, received a hearty greeting and most cordial hospitality. Many quaint and delightful experiences were theirs. And in hearing their happy descriptions one almost entered into the joy of it all. No people we know could better enjoy or give a happier tinge to the relation of these experiences.

Old scenes, old neighbors, and new amazing scenes, entered into this tour.

At Pipestone they visited Mrs. J. Y. Beaty's old home town.

Coming from Dakota, through Minnesota, Wisconsin, and Iowa, Mr. D. G. Beaty, an experienced judge of farm prospects, says the wheat is a good, average crop, having been harvested before the drought struck the fields. Corn on sandy soil, he says, was burned beyond help, even the copious rains; on the black soils he thought rain might save the crop.

The tourists spoke of the machine which harvests and threshes the grain in the fields doing the work of scores of men. In former years the harvest men would begin in the south and work in the fields as the grain ripened going to the farther north. They saw many of these men half starved and out of work in the northwest. How little we know the misery of the unemployed.

Two pleasant hours were spent with Mr. and Mrs. D. G. Beaty giving us realistic, humorous and at times pathetic descriptions of their delightful tour. We wish we might pen it as they gave it. At any rate it was full of sunshine and good fellowship.

College Courtship Ends in Marriage of Two

A pretty home wedding was solemnized at the home of Mr. and Mrs. Peter Hartman last Friday evening when Herbert Hartmann was united in marriage to Miss Elizabeth Klein, of Washington Court House, Ohio.

The marriage was the culmination of an acquaintance that started at Miami University, Oxford, Ohio, where both were students. The ceremony was attended by only the immediate family. The bride was attended by Miss Erna Hartman and the groom by Carlisle Jahrling.

Mr. Hartman will complete his college course in chemical engineering at the University of Illinois the coming year. He has augmented his college education with three trips to Europe and one to So. America during his summer vacation. The bride, who made her first visit to Arlington Heights when she came here for her marriage, is a charming young lady and all of Herbert's friends declare that he is the luckiest fellow on earth.

John Kosmin, Northbrook Dies after Long Illness

John Kosmin of Northbrook passed away early Saturday morning in St. Francis hospital, bringing to an end an illness of many years standing. He served his country in the World war, but has been unable to work the past five years. He was taken to the hospital two weeks prior to his death. The funeral was held Tuesday at his home. Interment will be in a vault to be erected in the Wheeling cemetery. As a member of the Legion post of Libertyville eight former buddies per-

formed the last honors to a soldier. The services were in charge of the Lutheran pastor of Deerfield.

There remain, his wife, a step son, his mother who resides with his brother at Wheeling; other brothers being Charles of Arlington Heights and Fred and George; three sisters, Mrs. Harry Scott, of Palatine; Mrs. Anna Woodward of California and Helen Kosmin of Chicago.

It has at its command all the facilities of a complete financial service, and the cooperation of the Bank's widely-experienced officers.

This Bank Welcomes Commercial Accounts of Any Size

Peoples State Bank
Arlington Heights, Ill.
"The Bank of Friendly Service"

OBSERVER'S NOTES

Out in the park named Arlington. Many days have come and gone; Where throngs of people chase, On the highways autos dash; Jam into each other, crash, To reach the great horse race. In this town some watch and wish Then grab the bait like a poor fish Word flies about the place, One has lost, another won, It don't seem a bit of fun, For the fellow who lost the race,

Somebody made five hundred, another a thousand dollars. Great isn't it? The trouble is for every one who wins, another loses. Funny that too.

The trouble is this horse race business is a rich man's game and we "near rich" or near poor people are unsophisticated in the rules of the game and should be content to look on and get all the joy possible out of it, without losing a grip on our purses. What do you know about horses anyway?

We admit some of our people did get money for their work in the transient enterprises coming to town, meantime were they gaining so much while neglecting their regular business and losing dependable patrons, because of the neglect they must endure while they are busy elsewhere.

Tell you what, the North Western must be profiting through our race track crowds. May be they will get even with us for getting so much from them in our motor trucks and auto buses. Certainly the old North Western has done much for us, and even now see how many who live in Arlington Heights, have work with the N. W. R. R.

"Live, and let live," is our motto. That was why we were so happy when a wee little bunny no bigger than your fist got away from two great big dogs that were chasing it through the weeds and bushes the other day. Poor little startled creature, why didn't those dogs take something nearer their own size?

The famed Classic was a large day for Arlington Park and the horse, that noble creature, that "Sceneth the battle from afar," and may even scent in which pocket the biggest bet reposes. At any rate it was a grand day for Chicago's "elite." And Sunday they got their names in the newspapers.

All those fine ladies robed in the latest must have been compensated for any unpleasant contacts they were subjected to by the ruff in a "hick" town when they got "their names in the paper," and their costumes so minutely described. Society is a wonderful institution and great are they who enter there-in. And who shall dare inquire—"how come?"

June has gone, but so much of beauty and of dreams tarry with us. There are so many leaving burdens whose yesterdays were full of hope; so many whose precious talents have been buried in the turmoil and confusion of misdirected effort. So many whose hands were meant to lead and to form objects of beauty must toil in the grime of unrewarded effort.

A flower never perfect blown, A woodland path, its lead unknown; A smothered song that goes unsung, A bell unring lost from the chime, An ideal home, a perfect clime, All these for far tomorrow's wait, Each nearer to the opening gate.

Many of the Women's club must remember Mrs. J. E. Best's niece, Miss Jessie Austin, who has spoken to them in the past. Noticed in the Sunday Tribune that Miss Jessie Austin, vocational advisor at the Cicero High school, is camp director for the Y. W. C. A. camp at Forest Beach, recreation ground at Buffalo, Michigan. Never shall we forget Miss Jessie, the dear little girl who visited our Sunday school class so many years ago. Always glad to

hear about her and her efficient helpfulness.

Indeed there are so many good things we learn about the folks we know and have known, it should help us to forget the disagreeable things the newspapers harp about. A man who works and whose wife works too, told us the other day that he is getting his home paid for year by year, so that now the 6 per cent interest on what he yet owes is but fifteen dollars per month and his home is improved and now worth twice the sum he paid for it.

Endurance tests seem to have put people insane. Now children are allowed to sit in trees, having for hours, and what next? Through June we endured brides and graduates, lastly June bugs. Wouldn't put it past some one to stage an endurance "Singing in the bath tub" test. Well better make up our minds to endure what August has laid up for us without any bonuses.

It was with much regret we learned of Dr. Edwin Bauman's accident. He was certainly heroic, ally unselfish, and in his effort to assist others who were injured neglected his own serious injuries.

So many have lost from earth their loved ones last month. There have been heavy burdens, disappointments and heartaches to endure, yet courage and keep bravely on, each day's journey brings us nearer our lost friends and the opening gate.

The dawning of each new day brings, It's triumphs, or its hurts and stings; Help us, Dear Lord, to understand In all the leading of Thy hand.

Help us the bitter cup to drain, To bear the hurts, endure the pain; Knowing in all we undertake, Thy love and care never forsake.

Though we may never gain the prize, Of earthly praise in garrish guise; We know through disappointments past, Earthly rewards can never last.

Help us in losses to sustain, Our faith in Thee, our only gain; And Thy approving love, O Lord, Our only hope, our great reward.

Help us, O Lord, when friends depart, As we go on with aching heart; To know each day that soon or late, We're nearer them and the open gate.

Some one has been worrying about the danger of the Devil getting us when our preachers are all off on vacation. Just rest easy, read your Bible and you will find in the Book of Job, "When the sons of God were met together," (It doesn't mention the summer resort or fishing place) "Satan came also." So you see our good ministers will keep him away from harming us in their absence.

Talk about "The Roaring Nineties." Roaring have we been while passing through the roaring nineties of the last weeks in July. Saw some rules for conversation once and recall one was to avoid ringing in the weather. Imagine, two persons meeting for even so much as five minutes conversation without mentioning the weather. Another noble rule was to refrain from talking about yourself.

A friend who has been deeply interested in public welfare work, feels that Mrs. Maude Kinder Parker's continued devoted and energetic work for that worthy and much needed line of public effort, has not been duly appreciated. It has been a pleasure to call attention to this. We do know how beyond her physical ability, Mrs. Parker has worked for this cause so near her heart. She deserves the heartiest appreciation and a well earned rest. Will some

body, yes, I know the whole community seconds the motion.

Can't think of anything that will emphasize the sizzling heat of such a day as last July 28, than a man in red flannels trying to hibernate in the midst of Mrs. Vedder's beautiful flower garden. Flowers that had attracted the attention of one of our leading florists only a short time before, attracted the attention of a vagrant swarm of bees, attracted so strongly they settled in one of the garden trees. Anthony Vedder coming too near to learn just what their intentions were, was viciously reminded it was a family affair, and none of his business. Later in the day a man who knows how to handle bees, housed the swarm and took it away, leaving Mrs. Vedder's lovely flowers unharmed.

Speaking of beautiful gardens and grounds, you may not know about Albin Flodin's place. When he first came to a rather unpromising spot of ground his sister, Mrs. Moline, who has a beautiful home at Geneva, told us she felt sure her brother would make his place attractive, as their father had made their home in Sweden a beautiful place. Mr. Flodin has certainly carried out his sister's expectations; and trees, flowers, bits of rockeries and a perfectly kept shaded lawn, have made the home of Mr. and Mrs. Albin Flodin one of the prettiest in our town. Not only outside but the interior has received his skillful care.

It has been many years since the Lester Allison family left their charming family left our town. We never cease to miss them. Mrs. Ora Allison Oefelein has come for her first visit to the old town she left so long ago. We know our California friends have many notes over us in winter climate. Yet Mrs. Harold Oefelein was delighted with the cool deep, greens of our gardens, lawns and fields. After it's annual dry spell, California landscapes are gray and the tree foliage is never our fresh, vivid green. It will be good for us to see Ora again. One of the dear school girls we learned to love in other years.

Our bright young Editor sent a message that while having a bit of let up on "notes" Observer was not to allow rust to accumulate in the brain spaces. He's a good scout and has been not altogether at his best during the recent "warm spell." Am sure no one can be brilliant when their thought channels seem clogged with oil. Will all who read these notes pardon a non-sensical melody? You who make the like of "Amos and Andy," publicity conquerors, will be charitable toward summer time "Melting Medley."

The white clouds drift across the sky, Like webs of silken gossamer; The swallows dart and dip and fly, Where gentle breezes softly stir.

The crimson poppy petals fall, Where withered daisies burn to shreds, The mullein stands stately and tall, No golden blooms a halo spreads.

The Scarsdale lights glitter and flash, Like a long line of chariot wheels; Somewhere two autos meet and crash, When shrilling old alarm appeals.

This July sun is burning hot, While loud and many our complaints; Our town, a seething melting pot, Now fails to turn out many saints.

Across the meadows umbered space, Springtime's bright greens are turning brown; Beauty and color tinge each place Within the limits of the town.

Bright poplar leaves gleam in the sun, Tree monarch of our praise state, The little winds know, every one, Their shower dance, early and late.

Effingham County Group in Reunion

Sunday, August 10, the citizens who were from Effingham county, formerly, held their annual reunion and picnic at the Lions club grounds on the DesPlaines river. The attendance was good though not as large as it was last year. The old timers were in a genial mood, and many were the reminiscent stories of "way back when"—they lived down in good old Effingham.

You who know our own citizens in the company will not need to be told of the jolly good dinner so bountifully spread, nor of the excellence of the menu. Old time dances were participated in by the nimble footed young and not so young; music, games and athletic stunts proved the agility and prowess of the folks from Effingham. Ten families from Arlington Heights helped to make up the crowd.

The day was ideal, the meeting of old friends and neighbors was enjoyed heartily. The company look forward to another reunion in 1931. And may there be none missed from the number who met in 1930—rather may many be added thereto.

CHRISTIAN SCIENCE CHURCHES

"Spirit" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, August 10.

The Golden Text was, "The Spirit is life because of righteousness" (Romans 8:10).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "Be not deceived; God is not mocked; for whatsoever a man soweth, that shall he also reap. For he that soweth to the flesh shall of the flesh reap corruption; but he that soweth to the Spirit shall of the Spirit reap life everlasting" (Galatians 6:7, 8).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "The suppositional antipode of divine infinite Spirit is the so-called human soul or spirit, in other words the five senses.—the flesh that warreth against Spirit. These so-called material senses must yield to the Infinite Spirit, named God" (p. 200).

Along the border of our town, The playground for the rich allures Great throngs of high social renown Our hottest summer weeks endure.

The shoutings and the bets are done, Down the broad highways autos glide, Fortunes were lost and fortunes won, Peace in the place comes to abide.

One who slow counts his losses o'er, Trying to make it seem the best; Hides no heartache under his vest, He threw that garment on the vest floor.

"How sleep the brave," morning will tell, Some on the beach, some on the grass; 'Tis the hot summer time, Ah, well Summer, like races, soon will pass.

The postman brings the morning mail, Loud shrieks and yowlings rend the air; Some one stepped on the black cats tail; If cats knew oaths, how they could swear!

The shadows lengthen on the lawn, Against the pane raindrops I see, A little girl says with a yawn, "I've got a hive behind my knee." —Elinore Crisler Haynes.

Our Churches

FIRST METHODIST CHURCH

Dunton and St. James Rev. Samuel Taylor, Minister Sunday school, 9:45 a. m. Morning worship, 11 o'clock. The pastor will preach. Sermon subject "The Christ That Is To Be."

Mt. Prospect Department

The Mount Prospect Veterans post are planning for four dances to be given at the Chester warehouse in the near future.

Mr. and Mrs. Otto Rateike, Lawrence and Loretta Rateike, were present at the bridal shower of Miss Ella Erber, of Arlington Heights, Saturday evening, Aug. 9. Many presents were received and deeply appreciated. It won't be long now, "Al," until wedding bells will be ringing.

Miss Myrtle Frey was hostess to several friends from Chicago Tuesday.

Mr. and Mrs. John Kroil and family and Mr. and Mrs. Knosp and family motored to Sterling, Ill., for a short vacation.

Mr. and Mrs. Ivers and Eunice are leaving Friday for a few days at Lake Geneva.

Miss Myrtle Frey and five friends are leaving Sunday for a vacation in the Black Hills, South Dakota.

Mr. T. G. Hunter of Portage Park spent Tuesday with his brother, J. H. Hunter at the home of Mrs. Lang.

The Arnold and Roland Dahlstrom families spent Sunday at Batavia.

Mrs. James Rust has returned from a vacation with her parents at Sturgeon Bay.

The Pottawamie Camp Fire Girls met at the home of Miss Ruth Ehard Tuesday evening.

Mrs. Walter Bach celebrated her birthday last Friday and enjoyed a pleasant time with several of her friends.

Lucille Boddeker was sick in bed Tuesday.

Quite a number of young men from the Lutheran school are planning on entering Concordia college this fall.

Eunice Ivers has been enjoying a vacation at Lake Defiance.

Mrs. Peter Frey is spending a few days in Milwaukee.

Mrs. Otto Maleske spent Monday in Chicago.

Mrs. V. F. Weber and children are spending their vacation in Springfield with Mrs. Weber's mother.

Mr. and Mrs. Luckner and Bobby have motored to Ohio for a week's visit with relatives.

Mrs. Paul Schwermer has returned home from Waukegan where she spent several weeks with her mother, who was quite ill.

Mr. and Mrs. G. A. Thonson and family are enjoying a visit from Mr. and Mrs. Garliss and son of Detroit, who came as a surprise.

Mr. Walter Stroker spent Sunday in Park Ridge with his brother, Halbert Porter, who fell a week ago Monday evening while playing ball, breaking his leg above the ankle. Mr. Porter has been quite ill since the accident.

Furnishing Dept.

"Our Men's Furnishing Department is quite popular with the young fellows these days"—says Landeck.

SAY PEG! WHERE IN SAM HILL ARE ALL MY TIES?

OH THOSE? I THREW THEM ALL OUT—

BUT—PEG—

AND I GOT THESE NEW ONES AT

LANDECK

NOW WHAT HAVE YOU GOT TO SAY

NOT A THING, DEAR EXCEPT YOU'RE WONDERFUL

AND SO ARE THE TIES!

With all the girls dazzling us with their bright summer frocks, it's just a matter of self-defense for the up-to-the-minute man to blossom out in this colorful summer neckwear.

Another lot of New Ties just arrived

Members of Chapter Visit Eastern Star Home at Rockford

Members of Palatine and Arlington Heights chapter of the Order of Eastern Star held a basket picnic last Sunday at Black Hawk park, Rockford, Ill. Cars left early in the morning enjoying the beautiful drive to Rockford and after having a picnic dinner at Black Hawk park, crossed the river for a visit at the O. E. S. home maintained by the Old Ladies chapters. The visitors were met and given a most joyous welcome by the many happy elderly ladies who are enjoying the real comforts of life while on the last lap of their earthly journey. The contentment and happiness of these elderly ladies brought overwhelming joy to the visitors who are helping to make this home possible. The ladies are especially proud of the beautiful bus so very comfortably arranged in which each of them has a ride once a week. This is truly a home beautiful with a beautiful back yard on the bank of the river.

Prior to and following the visit at the home the members had a most enjoyable time at the park, which they praise very highly, it rivaling the forest preserves of Cook county for beauty and some of the city parks for attainments. The only strange thing was the fact that so few Rockford people seem to appreciate the park and make use of it. Herman Meyer claims that Geo. Volz provided enough hilarity for a park full of people, anyway. Ball games were greatly enjoyed.

Those in the party were: Mr. and Mrs. Charles Pankonin and the Misses Kiepers of Mt. Prospect; E. F. Laurin and family, Mr. and Mrs. J. Pingson, George Volz and family, Herman Meyer, Mr. and Mrs. E. H. Breese, Richard Jahn and family, Mr. and Mrs. Lewis Reznor, and Mr. and Mrs. Paul Hoffman of Arlington Heights, Mr. and Mrs. Geo. Wilson, Mrs. Schirding, John Senne and family, Mr. and Mrs. Geo. Herman and Mrs. Kitson of Palatine.

Fire Partially Destroys F. Mecklenburg Home At Mount Prospect

Miss Christina Mecklenburg and sister, Mrs. Christ Wille noticed from the Wille yard about 11:30 Monday morning that their father's home was afire. Christina ran to Meekes's Market and gave the alarm. The fire department was on the job by the time the alarm was sounded and with neighbors removed what furnishings they could and put up a valiant fight to save the house, though the flames were shooting high in the air. The fire was well under control before the second floor was entirely ruined, though Christina's room including furnishings and keep sakes was entire destroyed.

As near as could be determined a spark falling on the roof was the cause of the fire. The house and contents were covered by insurance. The Mecklenburg family wish to thank all who so kindly assisted in saving part of the furnishings and are especially appreciative of the wonderful work the volunteer fire department of the village did.

Eighth Straight Victory for Mt. Prospect Juniors

The Mt. Prospect Juniors defeated the Des Plaines Triangles last Sunday by a score of 7 to 2. It was their eighth straight victory. The game started out like a pitcher's battle, but the Juniors came thru in the final innings to win. Al Hasz pitched for the Juniors and struck out 14, allowing only three hits.

The score by innings was as follows:
Mt. Prospect Juniors—
0 0 0 0 2 1 0 1 3—7 10 1
Triangles—
1 0 0 1 0 0 0 0 2 3 1

Next Sunday the Juniors will try to increase their winning streak on the local diamond when they meet Fairview. Let all be out and watch them.

Old Greek Burial Custom

It was a custom among the ancient Greeks to dedicate the finest pieces of embroidery and weaving in honor of the dead, at funerals. These were usually wrought by the relatives.

Storm Brings Thrilling Experience to Mount Prospect C. F. Girls

Saturday promised to be as bonny a day as could be desired and four members of the Mascouten Camp Fire group left at 6:30 in the morning for a hike and all-day outing in the Elk Grove woods, with anticipations of hiking back at night by moonlight.

A secluded and desirable spot was selected on arrival in the woods and some of the girls had their first experience at outdoor cooking, which furnished no little amusement and some good experience for all. Then in the afternoon came the storm and with such suddenness that before shelter could be found the group was caught in a veritable downpour of rain. With no other protection than could be made with the aid of one poncho, one raincoat and two small umbrellas the group huddled together and were deluged with rain. When the storm abated somewhat the homeward journey was begun, a passing truck driver kindly took the group as far as Elmhurst road and there they were met by Mr. Albert Busse who was on his way to try to find them in the woods in such a storm, but those who had it, Ruth Duwe, Ruth Flesch, Marion Busse, Anna Groni-hill and the Guardian, all say they would not willingly have missed it.

Advertisement in Herald Brings Many Offers of Return of Lost Dog

When Mrs. Otto Maleske, of Mt. Prospect lost her dog last week, and she inserted an adv. in the Herald, she received telephone calls from all over this section of the county from people who thought they had located her dog. She later learned that the family pet had been killed by an auto.

Mrs. Maleske says that she appreciates the kindness of so many people who took the bother to phone her and regrets that none of the "found" dogs belong to her. She states that she is convinced that classified ads. bring results in the Herald. It is not every classified department that can bring about the return of things that were never lost.

Mt. Prospect Chief of Police is On Vacation

Chief Mulso is having a much needed vacation after so many strenuous weeks of directing heavy traffic due to detours and the races. Everybody misses "Bill," as he is familiarly known, and are wishing him a restful trip. He, with Mrs. Mulso, Miss Leona Mulso and Martha Schott, have motored to St. James, Minnesota for a visit with the Chief's brother.

DesPlaines Theatre Shows Next Week

"The Florodora Girl" Romance of '90's
When Marion Davies' new starring vehicle, "The Florodora Girl," comes Monday and Tuesday, Aug. 18 and 19, at the Des Plaines Theatre, the modern generation will be given an opportunity to see how their parents and grandparents dressed.

The picture depicts the romance of one of the famous "Florodora Sextette" and revives the bustle, the muffs, the plumed hats, the petticoat, the side-walk-sweeping train, red flannels and the voluminous costumes fastened at the rear by hooks and eyes.

All-Star Party Delights Crowd
A sensation! That's "Paramount on Parade," which will be at the Des Plaines Theatre on Thursday and Friday, August 21 and 22. Applause and laughter will shake the house. Some of it is in Technicolor.

Every important player in the Paramount company is in the picture, and everyone of them does something big, grand, delightfully entertaining.

A spirit of the most charming intimacy pervades the picture. The performers meet the audience more than half way and lead it into the joyful frolic of fun and gaiety. It's like nothing so much as a great, big, jovial Hollywood party with the greatest entertainers in the world on hand to provide the amusement and act as ever-thoughtful hosts.

The song hits are marvelous. The dancing is superb, and there's not too much of it.

Jolson's Greatest Singing Picture Is Berlin's "Mammy"
Al Jolson returns to burnt cork for at least a part of his latest Warner Brothers picture "Mammy," which will be at the Des Plaines Theatre, Thursday and Friday, Aug. 19 and 20.

Jolson made his first great success as a "black faced singing comedian" and it is in this happy choice of a medium that he is seen first in this new picture—a picture made for laughter, with the star at his upricious best.

Maynard Coming in Picture of Old Rip-Roaring West
Ken Maynard performs the most daring stunt of his dare-devil career—a fifty foot leap from a cliff into a river, astride the back of his trusty horse "Tarzan" in his latest Universal talking picture "The Fighting Legion," which comes Saturday, August 16, at the Des Plaines Theatre.

The leap is made while Maynard is escaping from a lynching party and, swimming with his horse, he crosses the swirling river to safety. Maynard was especially insured in this leap for life by Lloyd's of London, no other insurance company caring to take the risk.

"Buddy" Rogers Does His Stuff in Tunesful Hit
"My Future Just Passed" is the

big hit song of Charles "Buddy" Rogers' latest starring picture, "Safety in Numbers," tuneful and merry musical love confection, which comes to the Des Plaines theatre Sunday, Aug. 17.
But in spite of the paradoxical title of the song, Mr. Rogers is so engaging and "it"-full in this picture that there isn't anyone who would deny that he still has a most distinguished future which will probably take a long time in passing.

Find Walnut Table in Michigan that Was Hand Made in Palatine in 1836

The names of the Sawyer, Converse and Dunton families are connected with the early history of Palatine and surrounding communities. Representatives of those families are scattered to various parts of the country but it was interesting to an employee of this paper when he walked into a tourist home near South Haven, Mich., last week, and made the acquaintance of Frank Sawyer, a direct descendant of Mark Sawyer a cabinet maker, who took some land from the government in what is now Palatine. It was a walnut table built from a Palatine walnut tree by Mark Sawyer in 1836 that was of especial interest to the visitor. The table has a companion made

8 plies under the Tread

Here is EXTRA SAFETY!

FOR the high powered, high speed cars of today, with needed quick starts and stops, you should have this extra protection. Just look at the inside of this Firestone Anchor Super Heavy Duty Tire. There are eight plies of cords under the all Non-Skid, Center Traction Tread. It is a big—tough—strong tire—a construction that insures against punctures and blowouts.

Come In and See for Yourself!

We have cut up various brands of tires, so that you can see the inside construction. Come in and make these comparisons, section for section, and you will readily see the superiority of Firestone.

We sell and service the complete line of Firestone Tires, Tubes, Batteries, Rims, Brake Lining and Accessories, and actually give you greater values.

PATENTED DOUBLE CORD BREAKER THICKER TREAD

MORE RUBBER IN TREAD AND SIDEWALL
Firestone
ANCHOR
Super Heavy Duty

SINCE SQUARE WHEN REMOVED NO BREAKER AT ALL

MAIL ORDER TIRE STANDARD BRAND

The Firestone Anchor Super Heavy Duty Balloon has a double cord breaker—8 plies under the tread. Some other makes have no breaker at all and some a single breaker made with old-fashioned, square woven fabric that Firestone discarded when they developed the balloon tire.

DOUBLE GUARANTEE: Every tire Firestone makes bears the name "FIRESTONE", and every tire we sell carries the Firestone Unlimited Guarantee and ours. You are doubly protected—absolutely assured every dollar you spend buys real quality and satisfaction. We guarantee that you will get all the miles out of your tires that have been built in by Firestone.

Mrs. J. R. Hodges and baby son returned home Friday from the hospital in Chicago. Her mother, Mrs. Lyons, is helping care for the new grandson.

Mr. William Kind, So. Walnut street, was ill last week but was able to return to work Monday.

Mr. and Mrs. C. C. Compton and family drove to Delton, Michigan, Saturday. It was the twins' first visit to their grandparents.

The Muehlhausens, So. Mitchell, are going to Lake Zurich for a week's outing.

Mr. and Mrs. W. H. Grismer and family visited his mother in Chicago, Wednesday. Thursday they took the children to see the circus. Why does one use the children for an excuse?

Mrs. George Palmer and daughter, Helen, returned from Harvard, Ill., Sunday. We are glad to report that Mrs. Palmer's father was able to return from the hospital to his home, Saturday morning.

The John Sayers and O. G. Barrett families spent Sunday at the home of Harry Eaton near Joliet, Ill. Marjorie Sayers returned home with them after spending the past month visiting at Orland and Lockport.

Mr. and Mrs. Elmer Bunn and family motored to Bloomington, Saturday evening and visited relatives. They returned Sunday evening.

Mr. and Mrs. Fred Ehret and family and Mrs. Newberg and children, are having a wonderful trip. They drove through Minnesota and stopped at St. Paul, then through Wisconsin. They are staying at Mercer, Wis., for a week.

Mrs. R. H. Richards drove to Wakelee, Michigan Friday and brought home her son, Robert, who has been in quarantine at Camp Bryan, because of diphtheria. Not wishing to take any chances she took her seven months old baby daughter, Mary Lou, to Aurora, where she is being cared for by her grandmother, Mrs. Richards.

Maxine Johnson is visiting this week at the home of her uncle in St. Charles, Ill.

Mrs. G. W. Zander is enjoying a visit from her friend, Mrs. Rose Heck and daughter, Betty Jane of Savannah, Ill.

Mr. D. R. Rippey was in Omaha, Nebraska over the week-end.

The Effingham county picnic, held last Sunday, was a great success, according to all reports.

Mrs. W. H. Grismer celebrated her birthday, Monday by attending a show in the city.

Farm Adviser, O. G. Barrett attended a meeting of vegetable growers at Milwaukee, Tuesday and Wednesday.

C. C. Compton, the "Bug Man" is exhibiting his wares at the Kan-kakee Fair this week.

Mr. C. Hoyt, So. Mitchell is having a good time talking about things "way back when" with his sister, Mrs. DeBow, who is visiting here this week.

Miss Ethel Schep, of Des Plaines, is visiting the Muehlhausens girls this week.

OBITUARY

CHARLEY STIPPICK

Charley Stippick was born in Baltimore, 1849. Died Aug. 7th, 1930. When a small child he moved to Camden, N. J., and in 1871, came to Chicago.

A few years after arriving in Chicago he became associated with H. Kohnstamm & Co., dealers in laundry supplies.

After working with the above firm for 35 years he was pensioned.

After retiring he built a modest home in DesPlaines and spent all his time with a large garden.

He was married twice. His first wife Sophia Goede Stippick died Jan. 26, 1894, leaving two children. Mrs. Hattie Larson and Charles E. Stippick.

Oct. 10, 1898, he married Anna M. Kuhlman of Kewanee, Wis., a son and daughter were born to this union. Ralph A. Stippick (our south side mail carrier), and Grace I. Duntman of South State road.

The funeral was held from the Lauterburg & Oehler Funeral Home in DesPlaines Sunday, Aug. 10, 1930 at 3 p. m. Interment was in St. John's cemetery near Bensenville.

Rev. Bald of Trinity Lutheran Church officiated.

Emergency Hospital Adds New Equipment

The DesPlaines Emergency hospital at Perry street and River road, has just added another operating table and X-ray machine. With so many principal highways coming together at DesPlaines, the hospital seems well located. Recent accidents have been many.

HARRIS SCORES ANOTHER K. O. AT PALATINE

Local Iceman Easily Whips Palatine Man in Church Show

These red headed icemen seem to take naturally to athletic stunts. Not many years ago Wheaton earned considerable fame by being the home of Red Grange, noted University of Illinois football player. And now along comes Arlington Heights into the limelight as the home of Elroy Harris, another carrot topped husky, who is gaining considerable renown as a boxer and who also is reported to keep in trim by hustling the ice cakes.

Harris was easily the best fighter and his heavy socks had Molenhauer in trouble from the first bell. Molenhauer failed to cover up when in a pinch and was an easy mark for Harris' heavy punches. This lad, Harris, handles himself in nice shape, can hit hard and often and also seems able to "take it."

We would like to see him in action against a fellow of his own class, such a match would make a real thriller for the crowd.

Another good crowd turned out for the show, which was one of a series sponsored for the building fund of the St. Theresa Catholic church of Palatine.

In the opening bout at 130 pounds Frank Schell of Des Plaines won a three round decision over Tony Delfaco of Park Ridge. Both boys showed a world of gameness and both were plenty tired at the finish.

In the 125 pound class, Herb Chidley of Arlington Heights, won the decision over Welber Koehling also of Arlington Heights. Both boys were willing and aggressive, but Chidley was the coolest and displayed the best form.

In the semi windup Wm. Treest, of Batavia was awarded a hair line decision over Victor DeMeyer of Libertyville after three rounds of hard and even scrapping. These youngsters met at 140 pounds and furnished one of the best bouts of the evening.

In the wind up the speedy and popular Harold Craft of Grayslake once more lost a decision at the end of the fourth round to Henry Daunheimer of Aurora. The bout was a draw at the end of the regulation three rounds.

In the fourth Daunheimer showed enough clean hitting ability to earn the decision.

Craft as usual was speedy and game and a lot of the crowd lustily booed the decision, believing that the youngster's gameness should have won him a draw. Because of the closing of the Northwest highway, the date of the next boxing show is uncertain, but the boxing fans will eagerly await the announcement of the next show.

The promotions under the direction of L. T. Reuse, have proved very popular and are drawing better crowds with each succeeding show. The officials at Thursday's show were Referee Tom O'Neill, Chicago, Judges: Leo Bouffard, Chicago, T. C. Hart, Palatine; announcer, Dave Williams, Chicago, Physician, Dr. W. P. Schirding, Palatine.

For the first time in the history of local baseball, Arlington Heights will be represented in the Sweitzer Cup Midwest League championship series, when on Sunday the Arlington Boosters meet the North Center bank of Chicago.

The Sweitzer cup has been donated by Robert M. Sweitzer, county clerk of Cook county, for the past twenty years and this series determines the semi-pro champion of Chicago and Cook county, and the winner of this year's series will meet the St. Louis champions in a post season series at St. Louis. This series has been sponsored and arranged by Chicago's popular alderman, Thomas Bowler.

In view of the fact that the Boosters have held their own and better, all season, meeting the best teams in the league, it is the hope of the team and management to bring the name of Arlington well into the series.

It is the hope of the team that its fans will be out in numbers to help them start off right on Sunday.

Lefty Finnerman, who has lost only three games this season will start Sunday's game with Hochenhauer receiving. The infield will consist of Baumgardner on first; Lemke on second; Markser Bladson short and Ehler on third. In the outfield will be Reiter in left, Capn. Mahn center and Brodman in right.

It is the belief of this writer, and the team, owner and manager that with the help of all loyal baseball fans of this community, that the Sweitzer Cup has a good chance of leaving Chicago this year.

Don't forget Sunday, Aug. 17, at East Side ball park at 3:00 p. m.

PLAIN FOOD OF FANCY DISHES The Same good Service

Your wife will welcome the idea of being cooked for, instead of cooking; of being served instead of serving. You, in turn, can order those secretly longed-for dishes that never seem to materialize at home. You will both be extremely happy with our menu.

EAST MAINE

Sunday school or church services at St. Matthew's Lutheran church, Sunday, Aug. 17. An invitation has been extended to the congregation to attend services at St. John's Lutheran church at Niles where they are celebrating their annual Mission festival.

Reports from the Lutheran Memorial Hospital say Mrs. Henry Jacks continues to improve favorably. She was taken there nearly two weeks ago suffering with kidney trouble, for observation and treatment and operation if necessary. Her condition, however, has been too weak to warrant the latter. We hope she may be able to return home recovered soon.

John Andring returned early this week from Washington, D. C., where he went to attend the funeral of his only brother who passed away after a severe illness. In the prime of life, but 34 years of age. Deceased is survived by a family of five to mourn his untimely death. Sympathy is extended the Andring's in their bereavement.

East Maine Public School house is undergoing a complete renovation. New floors and blackboards have been put in and the walls are being redecorated so that when school opens September 2, bright, shiny classrooms will greet the eyes of teachers and pupils.

Of course you're all set to attend the dance the baseball club are sponsoring at Virginia Grove, Ballard and Rand roads, Saturday, August 16. This is just a reminder in case the date may have slipped your mind. Everybody welcome and everybody always has a good time. And why not? A spacious, airy pavilion, a dozen congenial and happy hosts, good music—what more is necessary?

All members of the Cook County Truck Gardeners Association, as well as their families and friends, are urged to take a day off Saturday, August 16, and enjoy the outing sponsored by the association. This outing will be in conjunction with the annual inspection tour of the Cook County Experiment Station, Des Plaines. Definite plans are announced as follows:

Meeting place, Cook County Experiment Station grounds, 10 a. m., Aug. 16, where an escorted visit will be made through said grounds with Supt. E. P. Lewis an Entomologist C. C. Goettsche explaining in detail results obtained from different methods of fertilization and spraying, a fascinating subject for anyone interested in the vegetable growing industry and one becoming more important from year to year.

At noon a picnic lunch will be enjoyed in beautiful Camp Hoffman, between Des Plaines and Park Ridge on Dee road, one fourth mile north of Touhy avenue. The entire afternoon will be just "picnic" with all sorts of races and amusements for the youngsters, interesting and popular speakers, band music in short everything to make the affair an enjoyable one. This is an excellent opportunity for you to meet your fellow members from all over the county. To reach the grounds, take Touhy avenue to Dee road or town of Maine cemetery, thence north or Dee road one-quarter mile. Come out every body, make this a big day.

Rev. and Mrs. J. Toepel accompanied by Rev. and Mrs. O. Heidtke of Morton Grove left Tuesday morning on a vacation trip around Lake Michigan, planning to stop off to visit relatives at various points en route. They planned to be gone about 10 days.

Golfers, Rally!

A critic says that the plot of a recent best-seller was thought out while the author was playing a round of golf. We cannot help feeling that it is now time some body came forward and said a good word for this royal and ancient game.—London Humorist.

East Maine Lose To Mannheim Team

East Maine boys tried the Cubs' eighth inning rally scheme Sunday and almost succeeded when in a freak game with Mannheim they came out from behind in a 12-0 score and scored 10 runs to make the final count 12 to 10. Away back when the 1930 baseball season opened East Maine beat Mannheim 10 to 2, but since that beating drastic changes have taken place in the Mannheim lineup so that when Sunday's game started only four of the original players were present in the visitor's lineup. E. Blume, Goltzman, M. Jensen and E. Moeller. McNabb and Weber were the new battery, Lang and Conrad new first and second sackers and the heavy hitting Wazell, the new centerfielder.

The local lineup was the same as usual with Eddie Names in the pitcher's box in place of Bill Selke, whose injured arm fans were glad to see, had improved so much as to allow him to work in the outfield although still unfit for hurling duties. Eddie started out O. K. giving Mannheim two hits and two runs in five innings but blew up in the sixth allowing six hits and a pass, five runs scoring. The boys seemed to hit everything he gave them and until Bill Selke in right made a spectacular catch of Blume's high fly and doubled Schulz who had batted for Moeller, off second for two out and Conrad was out pitcher to first.

History repeated itself in the seventh. Wazell fanned but Weber and Goltzman singled and scored on McNabb's smashing triple. It was then Joey Ahrens went in to relieve Eddie Names and soon put a stop to Mannheim's frolics giving 1 hit in the eighth, a run coming in on errors and fanning two in the ninth, the last man flying out. 14 hits, 12 runs.

East Maine went scoreless until the seventh inning when they had amassed 9 hits and 3 passes. They just seemed to be playing in a bad luck 11 men dying on base. In the eighth they woke up and decided they would not take a white-wash if they could help it and before that frame was over they had scored six runs. Joey started with a triple to left, Lueth, Gartner and Goettsche were walked filling the bases and Jonas, Pridoux, Olson and Selke singled. Jonas was out at the plate for the first down; Names fanned for the second and Joey in his second trip to the plate that inning flied out.

By this time Mannheim began to worry. Lueth was hit to open the ninth, Gartner singled, Goettsche sacrificed and Jonas walked. Pridoux and Olson hit safe and McNabb turned 9 over, his pitching duties to Goltzman, the chap who did the pitching in the first game with Mannheim in which game the home boys got to him for 12 hits and 10 runs in 5 innings. Bill Selke was tagged out at second. Names walked and Joey fanned for three down. Although rally the home boys made, brought the game to an exciting close after bum pitching and lousy infelding had made it dull and uninteresting for a period although it started out all right. The boys would like another crack but the season may grow too short as this was the third game booked with Mannheim already, the second one being rained out in June.

A strong outfit from Bellwood

will come to East Maine next Sunday and it will behoove the team to be up on their toes to meet them. Come out and help them win.

NORTHBROOK

Northbrook people have decided to hold their annual picnic Saturday, Sept. 13. Several Northbrook people attended the funeral Sunday of Rev. Edward Wehrs of Wisconsin. He was a former pastor of Glenview Lutheran church and a son-in-law of Mr. and Mrs. Emil Krueger on Church street, to whom we extend sympathy.

Mrs. Emil Lass is the Northbrook reporter and agent. Help her with your news and subscriptions. Northbrook is a pretty town. She has many nice homes and all are good neighbors. The Herald has many valued subscribers in this town and vicinity.

The Clyde Christians are vacationing along the Kankakee river. Jackie Krieman hurt his leg while swimming in the clay hole Sunday.

The L. Stanards have sublet their home on Kiest avenue and will remain at Fox River Grove till September, when Margaret will start school.

Mr. and Mrs. E. Lass visited Mr. and Mrs. G. Wohls Sunday evening. Lillian Ledlie returning from Chicago Thursday, met with an accident. Carrying an armful of packages she was about to step into their car when she slipped and hurt one leg seriously. It will take a few months to heal.

Northbrook Royal Neighbors will hold a basket picnic Thursday, August 14. The annual dog show of the Shore Line Kennel club will be held in Northbrook, September 14. Jim Sullivan, Northbrook dog fancier, is busy receiving entries for the show. It will be staged on Waukegan road at Angle.

Mrs. Wm. Ledlie had the misfortune of running a needle into her finger while sewing last Saturday. The needle in striking the bone broke into three pieces. Through the help of her daughter, the parts were taken out and the finger sterilized and is now improving.

Dick Barthelmess at McVickers Theatre

Richard Barthelmess is now playing at the McVickers Theatre in "The Dawn Patrol," his latest daring picture. "The Dawn Patrol" is a mighty story of war in the air, it is different than all of the preceding air stories because "aerial photography" constitutes three-quarters of the picture.

"The Dawn Patrol" was not written with the intentions of having it as a story for a talking picture, but the plot is so human that film executives lost no time in making the proper arrangements with Mr. Saunders.

Ann Harding At United Artists

"Holiday" adapted from the ever famous stage play of the same name, is now playing at the United Artists Theatre. A tensely emotional drama of high society and vast wealth, this picture is at once impressive, charming, massive, and thrilling.

The picture owes much of its magnetic quality to the artistic portrayals of the featured players in the cast.

OAKLAND BECOMES LOWEST PRICED

Oakland becomes America's lowest-priced eight and the Pontiac Big Six invades the small car price field as a result of a sharply reduced schedule of Oakland-Pontiac prices which Roehrer Motor Sales announced today on authorization from the Oakland Motor Car Company.

"Oakland price cuts range as high as \$170 on some models," said Mr. Williams, "while the base price on the lowest priced closed model has been reduced \$150, the new base price being \$895 against the former minimum of \$1045 on closed models."

Similarly the former Pontiac base price of \$745 has been cut to \$665, a drop of \$80, with even larger reductions up to \$110 on some body types.

Below are listed the old and new prices in the two lines:

	Old	New
Coupe	\$1045	\$895
2-Door	1065	895
Roadster	1025	895
4-Door	1145	995
Short Coupe	1115	965
Custom	1195	1045
Pontiac Six—		
Coupe	\$745	\$665
2-Door	775	665
Roadster	765	665
4-Door	825	725
Sport Coupe	825	725
Custom	875	785

"These reductions are made," said Mr. Williams, "because in the winter the factory will present two new cars which, while changed enough to classify as new models, will remain practically unchanged in appearance, size and design. The two new cars will have the same type engines used in the cars now offered."

LOTUS BEDS ARE NOW IN FULL BLOOM

Chicago, Ill.—Natural flowering lotus beds at Grass Lake, Illinois, fifty-eight miles northwest of Chicago, one of the three places in the world where they grow, are now in full bloom and are expected to remain so throughout August, according to the touring bureau of the Chicago Motor club.

The lotus in bloom, the motor club touring bureau pointed out, is a sight that well repays car owners who make the trip there. The lotus, famed through the ages in legend and song, is really a giant water lily. The beautiful cream-colored flowers, giving off a deep, exotic perfume that pervades the entire area, lift themselves just above a sea of large green leaves.

Japan and Egypt possess the only other natural beds in the world. In rare instances, the lotus has been successfully transplanted, but the Grass Lake beds are said by horticultural authorities to be natural. They bear marked resemblance to the Egyptian lotus, but how they originated in Illinois is a deep mystery.

Every year after a summer sun has warmed the shallow waters of Grass Lake, the lotus grows afresh from the muddy bottom to rear its leaves and buds above the water and burst into gorgeous bloom. In former years it blossomed from about August 15 to the middle of September. The unusually hot summer this year resulted in it being two weeks ahead of schedule.

HIGGINS--CANFIELD

Mrs. Chas. Koehler, Sr., of St. Louis, Mo., is visiting her daughter and son-in-law, Mr. and Mrs. Fred J. Koehler in Chicago.

Mr. and Mrs. Leslie Lassene and daughters, Albertha and Marie, also visited the Koehler family they are traveling the eastern states.

KONJOLA MADE REAL RECORD IN STUBBORN CASE

New Medicine Ends Ailments of Fifteen Years — Wins Lasting Friend.

MRS. D. E. BELMEYER

"For more than fifteen years I suffered from stomach and bowel trouble," said Mrs. D. E. Belmeyer, Route No. 2, Taylor, Mo., near Quincy. "I bloated frightfully after meals and often suffered from heartburn. I had a pain in my right side and was subject to dizzy spells. My color was bad and for some years I had been very nervous. I was then attacked by sharp pains in my shoulders and arms. Sleep became more and more difficult."

"I was more than satisfied with the results that I received after I had taken three bottles of Konjola. I have taken eight bottles to date and can truthfully say that Konjola has done more good than all other medicines and treatments put together. My bowels are regular, I do not bloat after meals and my nerves are calm. Neuritis pains have left my arms and shoulders. I am in better health than I have been in fifteen years."

This is the usual result when Konjola is given a real test. From six to eight bottles is the recommended treatment in most cases.

Konjola is sold in Arlington Heights at Sieburg's Drug Store, and by all the best druggists in all towns throughout this entire section.

Fool of the New Generation

The fool who rocked the boat has a son now who tries to see how near he can drive to your car without side-swiping it.—Florida Times-Union.

"Way Out West" At Oriental Theatre

William Haines puts in his appearance again in his latest riotous vehicle, "Way Out West," coming to the Oriental Theatre Friday. Mr. Haines has been made famous for his antics and indifference in his previous pictures, but in "Way Out West," where men are men, and women are women, Haines has little or no opportunity to display his wit. In lieu of the smart wise-cracks, there is a smashing love story packed to the brim with romance.

Assisting William Haines in latest loving-laughing romance are sweet Lela Hyams, the inimitable Polly Moran, versatile Cliff Edwards, Francis X. Bushman, Jr., and many others. The story of "Way Out West" was written especially for the screen.

Wonder what the fellow who has the task of naming Pullman cars names his children.

FINAL SPECIAL ASSESSMENT NOTICE

In the matter of the petition of the Village of Arlington Heights for the special assessment of the cost of constructing a connected system of street pavement in

NORTH BELMONT AVENUE and other streets and avenues in said Village, as provided in and by Arlington Heights Special Assessment No. 84, in the County Court of Cook County.

Notice is hereby given to all persons interested that the Board of Local Improvements of said Village has heretofore filed in said Court in said cause a certificate showing the cost of the work, the amount reserved for interest, and also that the improvement has been constructed in substantial conformity with the requirements of the original ordinance thereof.

The hearing to consider and determine whether or not the facts as stated in said certificate are true, will be held in said Court on the 28th day of August, A. D. 1930, at the hour of ten o'clock A. M., or as soon thereafter as the business of the court will permit.

All persons desiring may file objections in said Court on or before the time set for such hearing and may appear on the hearing and make their defense.

Dated, Arlington Heights, Illinois, August 12, 1930.

BOARD OF LOCAL IMPROVEMENTS OF THE VILLAGE OF ARLINGTON HEIGHTS.

By ALFRED R. JASPER, Secretary.

H. J. THAL, Village Attorney. (8-22)

Are You Still "Roughing It" at Home?

Mosquitoes and rain and makeshift living conditions are all part of the fun of camping out. But at home you expect comforts and conveniences. You don't much care for ants with the sugar and beds without springs.

Nevertheless many families have no more convenient source of hot water in their homes than they have when they're out "roughing it." In fact or effect, they have to heat their water in a kettle as they need it, and if they don't really need it they do without. Which is too bad when automatic hot water service can be installed so easily and economically.

Only \$5 Down

A self-acting Pittsburgh or Lovelock Water Heater is only \$5 down and the balance can be spread over a convenient period of time. These gas-fired heaters keep a tankful of water piping hot at all times ready to be drawn off for the many jobs, big and little, that require it during the day. Ask about these heaters at your Public Service Store.

The Pittsburgh Heater

Cash \$69.75, less installation. Only \$5 down the "Little by Little" way.

Pneumatic or Solid Truck Tires

WE CAN FURNISH BOTH FOR 10 YEARS WE HAVE SOLD

GOODYEAR TIRES

MORE TONS ARE HAULED ON GOODYEAR TIRES THAN ON ANY OTHER KIND

THIS IS NOT A CLAIM OR AN ACCIDENT

IT IS TRUE because truck operators have learned from long experience that Goodyear Tires positively reduce costs.

They have found Goodyear Pneumatics both High Pressure and Balloon, superior in traction of the All-Weather Tread, superior in endurance of the Supertwist Carcass.

They have found Goodyear solid tires superior to others in cushioning—long wear, low cost.

Ask Us to Call and Show You the Facts

DON'T MISINTERPRET THE STATE LAW

As ONLY Trucks

Used for carrying seven passengers or more must be on Pneumatic Tires

YOU CAN STILL USE SOLID TIRES

644 Pearson St., Des Plaines, Ill.

WHEELING DEPARTMENT

A sequel to Wheeling day will take place in the form of a carnival which will be held on the original Wheeling Day grounds, next Saturday evening, Aug. 16. This is to give an opportunity for those who planned on being present to join in the festivities last Saturday, but were prevented by the inclemency of the weather. Music will be furnished by Mr. Meinken's orchestra, of Chicago. Refreshments will be on sale, as well as the usual display of carnival goods.

Mr. Hy. Grewe, Sr., has been a patient in the Wheeling hospital, suffering from shock and severe bruises, having been run down by a passing motorist last week. He was crossing the street near his home, with a wheelbarrow full of vegetables, when the car swung out to pass up the regular line of traffic and struck him. He was thrown to the pavement and the vegetables scattered all over the street. The driver of the car, who was a woman, giving a Chicago address, was held until arrangements for a satisfactory settlement were made.

Marilyn Miller spent several days of last week in Chicago visiting with relatives.

Masters Allen Wick, Alvin and Norman Bucher and Melvin Becker enjoyed a few days in Chicago last week where they stayed with Allen's sister, Mrs. Gjertsen. They attended the circus, as well as numerous other points of attraction for boys to see.

Little Lorraine Mollenkamp celebrated her seventh birthday by giving a party for her friends last Wednesday afternoon.

Mr. and Mrs. Jesse Tesch motored to Plainfield for several days last week.

Mr. and Mrs. Wessell of Chicago, are boarding with the Felgenhauers for the summer.

The Ernest Kruse family are away on a motor trip to Detroit, Michigan.

Mrs. F. Rogalski with her daughters, Blanche and Esther, are enjoying a trip in Iowa.

With the exception of being curtailed in size the annual church picnic, in which Wheeling and Northbrook congregations joined on Tuesday the 5th, was a success. In spite of threatening weather conditions a good attendance was at hand in the early afternoon. A boy's ball game started off the activities of the day. After the game races were put on for all who might care to participate. Just after the races, a shower damped the grounds but not the spirits of the picnicers. After the passing of the shower, the ladies hurried to bring out the supper which was served cafeteria style in order to expedite the serving. Almost immediately after supper, a heavy shower ended the picnic and the program which had been planned to fill the evening, was necessarily dropped.

PRESBYTERIAN CHURCH

Morning worship, 10:45 o'clock. The attention of the members of the congregation is called especially to this worship service of the morning of Aug. 17. There will be no worship services, with the exception of the church school, on the two remaining Sundays of the month.

Sunday church school will be held at the regular hour at 9:30 o'clock a. m., each Sunday.

Past Tense of "Dive"

The past tense of the verb "to dive" is "dived." The word "dove" is an American colloquialism as yet not in good usage.

NORTHFIELD EVANGELICAL CHURCH

Cor. Dundee and Sanders Road
M. G. Gill, Minister
10 a. m., worship, "Increasing Joy."
11 a. m., Sunday school in charge of Maurice Miller.

On Sunday we are to be favored with two duets, one by Mr. and Mrs. John Dobbins, and another by Miss Ethelyn Bestor and Mrs. A. Merry.

The special musical numbers during the summer months have been greatly appreciated. Much credit for the success of our music this summer goes to Mr. Frank Dobbins, the choir director, and those who have so willingly cooperated with him. The attendance at our services of worship during this summer has been the best ever. Our average attendance for the three summer months just closed has been 105 per cent. This is excellent, we feel, considering the very sweltering weather we have had. Owing to the meetings held at the Barrington Camp meeting from August 22 to September 1, there will be no services in this church until the first Sunday in September. At this service of worship, Rev. A. P. Johnson, of Deerfield will preach. Come early and give him a real welcome.

"Common Clay" At the Roosevelt

The screen version of "Common Clay" was adapted from the famous stage play of the same name. The stage version of this tense, gripping drama held audiences spellbound, because of the human picture of life that were brought to the fore in this spectacular production. In making the picture for the audible screen, many of the scenes have been elaborated because the difference in space on a stage and a "movie lot." "Common Clay" as a talking picture has been made into an astounding document of human emotions, into a story of true love.

Horace Heidt On Chicago Stage

Horace Heidt and his Californians come to the Chicago Theater stage Friday in a "Golden Gate Revue." This versatile aggregation came out of the west in 1929, unknown, unheeded, and unsung as far as Broadway was concerned. They took base Broadway by storm. When the cheering and applause subsided, fifteen University of California graduates and one German Police dog had spent four weeks at the Palace Theater, the goal of every vaudeville actor in America. It was the first time that an act was held over that length of time since the late Nora Bayes accomplished it in 1923.

COOK COUNTY GARDEN SPOT OF ILLINOIS

**Drought Has Done Much
Damage to Other
Parts of State**

**THE STATE FAIR AS
WRITER SEES IT**

**Little Recognition is Given
to Truck Farm
Products**

T. C. HART

The farmers of Illinois have three very important subjects before them this week. The Illinois State fair is on; the two major political parties are having their state convention at Springfield; and the laying of plans for the coming fall elections; and the worst drought in the history of the state is only partly broken and in some localities still hanging on in full force.

And not only are these things interesting the farmers, but just about everyone else in the state. Bankers, merchants and the common laborers are all taking an interest in the things which the farmer is interested in for in this great agricultural state whatever effects agriculture affects everything else.

The record drought which has had central and southern Illinois in its grip for many weeks, has done untold damage to the corn and other crops. Farmers of the northern part of the state, especially in Cook county, have no idea of what the long drought has done to their fellow farmers of the corn belt.

Belated rains over the last weekend have done an immense good and will help to save a portion of the corn crop and will improve the fall pasturage. In central Illinois the corn has "fired" badly in many sections. Other fields where cultivation was kept up longer look to be in fair condition which all show the effects of the awful heat and long period without rain. Where the weeds are bad in the corn fields, using up some of the moisture which should have gone to the corn, the crop looks hopeless. Pastures are badly burned up and farmers are turning their cattle onto second growth clover and alfalfa fields and on to small grain stubble fields where a weed and grass growth is starting since the rains of last week end.

Many fields of soy bean have been noticed throughout central Illinois and this husky legume is saving the day for some farmers as the crop was doing splendidly for all of the dry weather.

The drought down state has also cut the attendance at the State fair now in progress and while there are crowds on the grounds, these crowds, according to reports, are not half those of normal years. And a visit to the Illinois State fair leaves one with a great mixture of opinions and impressions.

The stock and poultry shows are high class and would rival any like exhibits at any fair. The display of fruit for sale off year like this is very creditable. The corn and grain exhibits are high class but one would expect to see more of them. The exhibits by various counties are neat and creditable but the vegetable show is a disgrace to a State fair. There are some fine specimens of some vegetables on display and there are other specimens that have no business on any fair grounds. The vegetables are dumped all over each other in all manner of heterogeneous containers and some are even on the floor three quarters out of sight under the tables. No county fair would stand for the awful exhibition and manner of displaying vegetables which our state fair has been guilty of.

In the flower show also a sad lack of taste in arrangement wrecked what would otherwise have been a fair show but nothing to what one would expect at a State fair.

The State Department of Public Health and the State Department of Conservation both have fine displays featuring the work of their departments. The exhibits of women's handwork are also piled around in such a manner as to detract a great deal from what might otherwise be a good show.

The exhibition of relics and old time things of various descriptions is high class. In the educational department many of the schools of the state have made creditable showings.

There is an unbounded number of commercial exhibits of every kind manner and description all over the grounds and in all departments.

The various midway are jammed with all manner of food and soft drink stands and novelty stands, but not a wheel or game of any kind can be found on the grounds.

(Continued on page 8)

Free Tickets To Arlington Theatre Given Each Week

This paper has made arrangements with the management of Arlington Theatre to give away ten complimentary tickets to that talkie house each week. The names are selected at random from the telephone or city directory. They will be found among the want ads. on page seven and in the local business directory column, following an adv. or business card and can be distinguished by the word "Guest" that precedes the name.

The guest tickets for the names appearing in this week's issue are awaiting the owners at the box office of the theatre and are good on the evenings of Tuesday, Wednesday and Thursday of next week.

Readers of the paper should feel free to take tickets and this paper feels sure that they will enjoy the programs. The feature picture Tuesday and Wednesday is "Rough Romance," and Thursday Hoot Gibson in "Trailing Trouble."

Look thru the want ads. Perhaps you will find your name or that of a friend.

BIG FARMERS' PICNIC TO BE WEDNESDAY

**All Organizations of Two
Counties to Frolic at
Santa Fe Park**

The big picnic for the agricultural organizations of Cook and DuPage counties will be held Wednesday, August 27, at the Santa Fe park, located at Tiedtville. Arrangements have been made for a ball game between the 4-H club members of the two counties; a game between the executive boards of the Farm Bureau of DuPage and Cook; likewise a game between the directors of the Pure Milk Association of the two counties, and then a real game between the best that can be picked in Cook and DuPage. There is to be a silver cup for the winning team.

There will be races of all kinds, from the smallest girls to the fastest men and cash prizes. The committee have arranged to have a merry-go-round for the children, a tug of war between Cook and DuPage.

Music will be furnished throughout the day by the St. Charles band. The committee have arranged for dancing throughout the late afternoon and evening, and as a special feature, there will be stunt flying by H. J. Byrd of Arlington Heights. Mr. Byrd says he is going to take Farm Advisor Barrett up for part of the stunts.

Regular ball players both from Cook and DuPage counties are arranging to play on the several teams to take part, so the games will be real baseball. Placards on principal roads will direct the way to the fun of the day. Everyone is expected to bring along his own lunch; come early, enjoy a real holiday, and meet his friends, neighbors, fellow farmers, dairymen and gardeners, and get all the latest gossip.

**1929 Realty Assessment
Now Being Completed**

Those who own buildings that were erected between June of 1928 and June, 1929, will soon be able to learn the figures the assessors placed against such buildings. The actual descriptive work of the experts was completed last year, but the values fixed by them on such buildings were not included in the 1928 assessment. With all of the preliminary work out of the way, it is an easy matter for the representatives of the assessor's office to extend the figures. However, the experts are taking in consideration the many corrections that have already been made on 1928 property in Wheeling township and is sending representatives here to again look over the ground, confer with the local assessor and also with the office of F. O. Miltzer, who is "tax watch dog" of this community.

Mr. Miltzer is saying very well with the local people and there is every reason to believe that the new assessment will be in line with the corrected assessment of 1928. Mr. Miltzer has also found a readiness on the part of the officials to admit errors and corrections to the 1928 assessment will be made in a great many cases. Notices by registered mail will soon be received by those who only paid part of their taxes. People receiving the same should not become excited, as there will be no sale of such property at this time. It is impossible to correct the 1928 assessment, but admission on the part of the county that the reduced 1929 assessment is correct, will automatically lower for those who only paid on account the 1928 taxes.

MRS. PROCTOR SCOUT MOTHERS' FOUNDER GONE

**Gave Lavishly of Her
Strength in Service
to Youth**

Mrs. Lutae Proctor, founder of the Mothers' Auxiliary of the Boy Scouts in Arlington Heights and Park Ridge, Illinois and Valparaiso, Indiana, passed away at a friend's home in Beverly Hills, South Chicago, Thursday morning, August 14, at 1:30 o'clock.

The Mothers' Auxiliary was Mrs. Proctor's own idea; the Boy Scouts needed the active interest and practical aid of the parents, particularly of the mothers, she decided; and so she took it upon herself two years ago to get a number of the mothers of Scouts together and organized them into an active group, proposing projects, and inspiring and leading the mothers to aid, encourage and outfit the boys in many ways, helping also in financing the Boy Scout work. She threw herself into it.

Due partly to the efficient work of the auxiliary and the moral support of the mothers, Troop Seven of Arlington Heights of which Mr. Proctor was Scoutmaster, climbed to highest rank in efficiency in the Northwest Suburban council of the Boy Scouts. She remained as president from the first organization in 1928.

So valuable was the work of the first Mothers' auxiliary which she promoted from her own ideas and initiative, that she was called upon to assist in the formation of other auxiliaries in Park Ridge, and Valparaiso, Indiana. Those are serving to strengthen markedly the Boy Scout troops they are organized to promote and assist. In recognition of Mrs. Proctor's being the founder of the auxiliary work for the Scouts, she was formally presented last year by officials of the Northwest Suburban council with a special badge, blue, with lettering in gold. Ten mothers attended the first meeting of the auxiliary in Arlington Heights, and the membership now is around 30.

Mrs. Proctor was anticipating moving into her beautiful new home at 812 North Dunton street this week. The former place of residence was vacated the last of June, and Mrs. Proctor spent most of the time in between visiting her sister, Mrs. Leah Popejoy at Delphi, Indiana, intending to remain until the new home was finished. She returned on the 13th, staying at a friend's home at Beverly Hills. She appeared normal that day until a few minutes after midnight, but passed out at 1:30 o'clock from a heart attack.

A beautiful service was conducted at the Lutheran and Oehler churches for funeral in Arlington Heights by Mr. Walter Larsen, formerly First Reader of Eleventh Church of Christ, Scientist in Chicago. "Quick and powerful" utterances of the Bible and other readings of the Bible on God's everlasting care for his children in eternal life, with correlative passages from the Christian Science textbook "Science and Health with Key to the Scriptures," by Mary Baker Eddy, were woven into a very impressive service by Mr. Larsen.

Mrs. Elsie Moodie played a prelude of hymns and selections from "The Messiah." After silent prayer, followed by the Lord's prayer in unison, Homer W. Evans sang the hymn, "Shepherd, Show Me the Way to Go," and after the principal readings, the solo, "Leave It With Him," both Mrs. Proctor's favorites.

The Boy Scouts, assisted after the service, which was also attended by Scout mothers and officials of the Northwest Suburban council, as well as neighbors and friends and relatives. Interment was at Montrose cemetery, Chicago, a brief service being held there.

Obituary

Lutae Secret was born in New-Castle, Ind., Dec. 2, 1887, the daughter of Charles Secret and Alice Dean (Secret). She graduated from the public schools of Delphi, Ind. At the age of 12, she joined the Methodist church. In the spring of 1911, she married Mr. Fred O. Proctor, at Indianapolis, Ind., where they first made their home, moving to Chicago in the fall. They moved on West Campbell street in Arlington Heights, July 4, 1927. Their five children are George, Florence, Robert, Betty May (deceased), and Charles. She leaves her mother, Mrs. Alice Andrew, Delphi, Ind., two sisters, Mrs. Leah Popejoy, Delphi, and Mrs. Katie Fodera, Canton, Ohio.

Mrs. Proctor was an active member of the Charity club of Chicago. She became a member of Fourteenth Church of Christ, Scientist, and later of the Christian Science Society of Arlington Heights; in both she was active in Sunday school work. The community nursing service had her as one of its unofficial helpers. The auxiliary, of which she was the head, helped to maintain the rental of fine paintings for the South public school. Mrs. Proctor's life goes on; the movement she started will increase in its service to boyhood; and the memory of her earnest, self-sacrificing community spirit will long remain with her associates in Arlington Heights, who will miss her enthusiasm, capability and aid.

Interest Grows in Corn Contest in County Schools

As the county-wide corn growing contest among pupils of the County schools nears the close, the interest grows, not only in Cook county but far outside, as school authorities watch the experiment initiated this year by County Superintendent of schools, Edward J. Tobin.

Seed was secured by the Cook County Farm Bureau, County Advisors Barrett and Tascher instructing the pupils how to fertilize, plant and tend their crops. The 4-H clubs are cooperating.

Although there are ninety boys in the contest, special interest attaches to the progress of three girls of District 69 in Elk Grove, who are proving that the girls can be just as good farmers as the boys: Hilda Finke, Winnifred Mueller, and Marie Pomplum. Their corn is showing a foot or two higher than the ordinary, and was planted thicker than usual. Each has an acre. Much of the credit belongs to their teacher, Miss Nell Jacobs, who inspired the girls to go ahead with the project, Mr. H. J. Byrd, her director of education, says.

One of the leaders among the boys is John Folkerts of District 50, Elk Grove. He planted his corn 36 inches apart, instead of the usual 42, and it now stands eight to ten feet tall. Since some of the best land in Cook county is in Elk Grove township, and this part of the county has had about the best rainfall in the state during the growing season, the Elk Grove participants have a very good chance indeed to make the highest yields in the county. The county record is 125 bushels to the acre, it is believed.

There will be township prizes as well as for the whole county. A special Vaughan prize of \$50 will be given for the pupil raising corn at the least cost per bushel. Mr. Tobin and assistants are supervising the plots.

LOCAL FARM AND GARDEN LEADERS AT CONVENTION

The National Vegetable Growers association was in session Aug. 11 to 15 last week in Milwaukee. The Farm Bureau board had appointed Henry Homeier, Albert Landmeier, Edmund Deeke and Farm Advisor Barrett to attend the convention and extend to the association an invitation to hold their next annual meeting in Chicago. The committee found that the date had been determined and the place at Cincinnati, for next year. But the committee, along with August Geweke, president of the Cook County Truck Growers and Farmers association, and Mr. Louis Wetterman, had a conference with the officers of the National association, and discussed the advisability of holding the national convention in Chicago two years hence. No definite announcement, however, can be made now.

The National association has units in various truck growing centers throughout the country; units of about 50, up to four or five hundred members, the biggest units of which are in Ohio. One dollar a year of local dues goes to the National association.

Cars Raised in Air For Greasing and Changing the Oil

The latest progressive device for automobile service installed by the Stern Oil company at the North-West Highway and State road, is a hydraulic lift for greasing cars, installed on the State road side. This is a big improvement. One simply drives his car to a place on the concrete.

To lubricate the car, a frame mounted on a hydraulic column rises and takes the car up four or five feet, where all parts may be seen and worked on in the full daylight. There is no pit, and no driving onto any trestle work.

A special offer for greasing and changing oil will be found in this issue.

Country Town Demo- cratic Leaders Attend State Convention

For the first time in history, the democratic country towns organization has amassed such strength that a sizeable delegation attended the state Democratic convention held at Springfield, Wednesday. John F. Delaney, secretary of the organization, promoted a special train and a large delegation representing the country districts made the journey. Homer J. Byrd, of Arlington Heights, candidate for county commissioner, and Wm. McNerny and H. H. McCullen of Glenview were in the party.

Arlington Lions to Meet Barrington at Golf Lengths Today

When there is nothing to do, the Lions can be depended upon to stir up some excitement. This time it is a golf match between the Barrington Lions and Arlington. The match will be held Thursday of this week at Hillcrest. Local Lions who will knock the little ball over the course are V. I. Brown, Julius Flentje, C. M. Behrens, Walter Krause, F. O. Miltzer, G. W. Zander, Dr. Dunn, Orville Baldwin, Edwin J. Precht, Otto Landmeier, Hugo Thal, A. M. Conger and N. J. Puffer.

School Days Are Coming Nearer

The schools, Public-Elementary and High—and Parochial, will open Tuesday, Sept. 2. Full particulars will be given in the next issue of the Arlington Heights Herald.

BOOSTERS WIN FIRST GAME IN CUP SERIES

**Free Lance Game Next
Sunday with Green
Briars, Here**

The Arlington Boosters decisively defeated the North Center Bank team of Chicago last Sunday in the first of the Sweitzer cup series by a score of 15 to 2.

"Dutch" Grimme, who after winning 8 and losing 2 for Ft. Wayne was signed by the North Center team for the series, and after defeating the E. B. R. Cubs by a score of 4 to 1, was expected to give the Boosters something to look at. This was quickly dispelled, however, the Boosters landing on him in the first inning when 7 hits and an error gave the locals seven runs. In this inning "Little Joe" Brodman, our leadoff man helped himself to two doubles.

The second inning was another big one for the Boosters who collected four more runs on five hits and a hit batsman.

After collecting an eleven-run lead in the first two innings there was little left to do except getting the game over with on the part of the Bankers, who never seriously threatened.

Finnerman, pitching for the locals, allowed only one hit in the first six innings, and gave up five throughout the game. He was also backed by great support only one error being charged against the Boosters while the new infield combination turned in three double plays.

Next Sunday will be a free lance date for the Boosters as several of the teams entered in the Sweitzer cup were rained out last Sunday and must play their first games before the second round can be drawn.

The Boosters will meet the Chicago Green Briars at East Side park park Sunday, August 24, at 3 p. m.

Arlington Theater Surprises, Delights With Great Programs

Surprised and delighted have been the reactions to the programs of talking pictures (Sound on Film) which George Strandt and Dean Miller have been giving daily at the greater Arlington theater, since they opened up about ten days ago.

Perhaps bigger programs (and at higher prices) are put on by the big theaters in the larger, remote centers, but certainly none better. The new local talking pictures have included some of the best actors and actresses on the talking screen today, and their productions carry an emotional power and punch, wit and meaning that are refreshing and stimulating to a high degree.

At the low admission charge, no carfare and little gasoline to pay for to get there—shows begin and end at a convenient hour—one cannot afford not to take the family often, or go often alone if one is not provided with company. It is safe to say that nowhere can one find allowance for amusement go farther in value received than at the home Arlington theater.

The two young men who are giving these splendid entertainments are worth knowing, too. George Strandt is the organizer, while Dean Miller operates the sound-pictures. They "know their stuff."

Give the greater home theater—and yourself and family a break. Tonight (Friday) and tomorrow night, comes Al Jolson in "Mammy". It's a rollicking laugh hit, clean and funny, vivid, gripping. Wake up those stagnant brain cells and give your laughing apparatus some vigorous exercise. It will do you good.

Winter Overcoats Put on North Side Streets from Wheel Tax

A considerable portion of the streets of the north side of Arlington Heights have been having protective coatings of asphalt applied, followed by gravel. This is to protect the surface of the pavements from breaking up from freezing and thawing, and the general wear and tear of winter.

The work is being done out of village Vehicle tax money, under the general supervision of the street committee of the village board, Mr. Alfred Jasper, chairman, and Mr. Fred Hinz, street commissioner.

The plan is to systematically cover all the asphalt composition pavements this way every two or three years and thus preserve the pavements, Mr. Jasper explains.

BEGIN PAVING AT WEST END OF ALGONQUIN RD.

**County Board Approves
Connection on North
Plum Grove Avenue**

Failure to secure the necessary right-of-way thru Palatine and Elk Grove townships will force the Algonquin construction company, which has the contract to pave Algonquin road to begin operations at the west end of their section, which is the E. J. & E. tracks, in South Barrington township. The state insists that there will be no paving past property, whose owners have not cooperated with the state in providing the 100 foot right of way. This fact may hold up the paving of that highway until next year.

There was good news for the residents of Palatine this week when word was received that the county board, at the request of Commissioner William Busse, had approved the paving of a 600 foot stretch of highway between the present northern terminus of Plum Grove avenue and the new Northwest highway on Baldwin road. The matter was referred to the road and bridge committee, of which William Busse is chairman. The county highway department was instructed to make the survey and necessary profile for presentation to the state highway department. It is not generally known that the state must approve all hard road work, including the building of bridges, etc., before contracts can be let by the county. The law designs by this method to prevent the county from entering into road improvement that is not fully justified.

Let Contract for Potter Road
The county board has let the contract for the paving of Potter road from Ballard road south past the Maine township high school to Busse highway, to the Arcole Construction Co., which is also paving Busse highway.

Commissioner Busse stated Wednesday morning that he is confident that the paving of McHenry road from Buffalo Grove to Dundee road will be let this year.

Local Republican Delegates to Attend State Convention

An auto party of six will leave early Friday morning to attend the Republican state convention at Springfield. Those in the party will be A. F. Volz and Fred Lorenz of Arlington Heights; Ben Schultz, of Bartlett; Ed. Galitz, of Wheeling; E. H. Oldendorf, of Palatine; and William Busse of Mt. Prospect. The state fair is in progress, but the delegates expect to return home immediately after the close of the convention.

Since the enactment of the state primary law, there is not much left for state conventions and the only matters coming before the republican convention will be the nomination of the candidates for university trustees and the adoption of the state Republican platform.

Old Fashioned Picnic to Be Given by V. F. W. Auxiliary Next Sunday

The V. F. W. Auxiliary of Arlington Heights are giving an old-fashioned picnic next Sunday, Aug. 24, at the Plum Grove picnic grove. Everybody is invited by the auxiliary to come with friends and a full lunch basket. There will be dancing, with accordion accompaniment.

VAUDEVILLE AT PICKWICK STARTS NEXT SUNDAY

With the advent of the Theatre Season, the Pickwick Theatre, Park Ridge, announces that it will offer big vaudeville and stage attractions on Sundays, starting Aug. 24, besides regular Photoplays to its patrons.

The Pickwick is the only theatre on the Great Northwest Side which is showing stage attractions. A short automobile ride along the Northwest Highway over Mount Prospect, Des Plaines, brings you to Park Ridge, where the beautiful Pickwick is located. It is one of America's finest suburban theatres, with a free parking space for over five hundred cars. Special uniformed attendants give you service which is unexcelled anywhere.

WARNING TO THE PUBLIC

From information received from a number of local people we learn that salesmen handling the Thor machines have been operating in Arlington Heights and vicinity, representing that they are connected with the undersigned firm. We take this means to acquaint the public that we have employed no strangers to act as salesmen and are not therefore responsible for any claims they may make.

We regret that such methods should be used by any salesman handling such a well known machine as the Thor; of which we are also the agents. If any people who have been approached by these salesmen will phone us or call at our store, we will consider it a favor.

Dreyers Electric Shop,
Phone 706,
4 North Dunton Street

DONORS ADD TO LIBRARY BOOKS

Nearly 250 new books, largely non-fiction, but many of use to young people, have been added to the Arlington Heights library this summer by kind donors. Mrs. Velda Utterbach librarians, engaged in cataloguing them.

The library, with its beautiful setting in the second story of the new Village hall, with elaborate furniture and fixtures, (the gift of the Woman's club), well lighted at night, is an ideal place to come and read even if one does not desire to take out any of the books. The library is open evenings, Monday, Wednesday and Saturday, from 7 to 9, also Wednesday and Saturday afternoons from 2 to 5.

TRUCK GROWERS ANNUAL OUTING GREAT SUCCESS

**Study Scientific Develop-
ments; General Good
Time Enjoyed**

Although the rain Saturday had quite an effect on the size of the crowd of farmers and gardeners who turned out to attend the Annual Inspection Tour and Outing sponsored by the Truck Gardeners Association, those who were present found the affair so thoroughly enjoyable they say they would not have missed it for the world and will be one hundred per cent boosters for a like affair next year.

Getting off to a late start in the visit to the experimental station at Des Plaines, the men were taken over the grounds by Messrs. Lewis and Compton, explanations were given of the various check plots with the numerous varieties of vegetables on which the experiments are being conducted along scientific lines. An attempt to develop a new strain and variety of tomato is one of Mr. Lewis' pet experiments at present. Experiments with spraying for insects and blight especially on pickles, tomatoes and beans proved a very interesting subject.

In perfecting the different sprays and poisons used care must be exercised, as some sprays while destroying the unwanted pest are also detrimental to the plant itself. Determining the tour at the station a picnic dinner was enjoyed at Camp Hoffman, that beautiful back to nature spot which is so ideally suited for outing purposes and the enjoyment of the great outdoors. One of the big factors in the industry today is the rapidly growing necessity of the tractor for farm work. One of the new "Caterpillar" tractors was exhibited at the picnic by the W. B. Louer Co. of Chicago, to give all an opportunity to view and inspect it and learn of its advantages over the older models now in use.

(Continued on page 8)

VILLAGE BOARD TO ACCEPT THE SCARDALE WELL

**Find Yield of 186 Gallons
per Minute; Other
Business**

All members of the Village board of Arlington Heights were present Monday evening at a regular meeting. After minutes of the last meeting were read and approved, the Finance committee reported favorably on Bills and Payroll, as appended to this article.

The need of a new transformer for the lighting system in Scarsdale was reported by the Police committee; and the Monroe Electric company has been notified to order and install one.

Trustee Jasper reported that Mr. Beatty of the Library board had requested some of the library tax, to meet expenses. On motion by Mr. Jasper, duly passed, it was ordered that a voucher be issued to the library board for 50 per cent of the 1928 tax money due them. (Not all the 1928 taxes are collected.)

Trustee Goedke reported that on recent test, the new well at Scarsdale had yielded 186 gallons of water per minute. Discussion was made of the construction of a pit and shelter for a pump, but the matter was held over until Thursday evening, when a special meeting of the board was to be held, at which Engineer Carter Jenkins was to submit for such a structure a sketch upon which bids could be secured.

Attorney Thal reported to the board on the deep well project regarding certain legal phases, and discussion followed.

Treasurer Bolte reported a balance of \$2261.67, and regarding the collection of special assessments. His reports were accepted and referred to the Finance committee.

Expenses for Chief of Police C. H. Skoog for going after repairs for a pump at the Village hall, (Continued on page 8)

PLAN SERVICES FOR LUTHERAN CELEBRATION

**Lutheran Church Leaders
to Address Throngs at
Camp Reinberg**

The Executive board of the Augsburg celebration to be at Camp Reinberg at the Deer Grove Forest Preserve, September 23, met Monday evening to arrange further details of the massed services. Pastor Fricke of Arlington Heights, who had charge of the Pastoral committee during the absence of Rev. C. M. Noack, reported that the committee had arranged for the following services:

A service principally in German, beginning at 10:30 o'clock.

A similar service, with special emphasis on the English, at 2 p. m.

After considerable discussion, the Pastoral committee has invited the following speakers to address the assembly:

For the German address in the morning, Dr. Pfotenhauer, president of the entire Missouri Synod, residing in Chicago. Dr. Pfotenhauer is much beloved because of his pleasant personality and practicality of his practical and simple addresses.

The English sermon of the morning is to be delivered by Director Barth, director of the Lutheran preparatory college at Milwaukee. This speaker needs no introduction to the great majority of Lutherans and others throughout the middle west; for his genial voice has been heard regularly in the broadcast of Lutheran services over the radio station of the Milwaukee Journal, WTMM.

After the morning service, luncheon will be served cafeteria style, at nominal prices.

At one o'clock for an hour, the well known band of the Teachers' college at River Forest will be heard in concert. For the afternoon service at two o'clock, the audience will have the privilege of hearing the well known theologian of the Wisconsin Synod, a professor of the Theological seminary, Prof. John Meyer. He is known in all circles by reason of his excellent articles on religious subjects as contributor and editor of various theological periodicals.

The executive committee heard the reports of various subcommittees and passed on several important matters relative to the celebration.

Teacher Kolb of Arlington Heights, chairman of the music committee, reported that twenty-eight teachers of the Lutheran schools and their children have been invited to join in the organization of their children into a massed chorus.

The committee endorsed the publicity efforts of Pastor Fricke, and encouraged him to give the celebration extensive publicity in the local papers, the Chicago dailies, and the various other papers in the district.

The committee will meet again next Monday, at which time they will hear from the chairmen of various subcommittees as to further details of the celebration.

John Bauer, Familiar, Efficient Caretaker of Parks, Passed On

Mr. John Bauer, well known in Arlington Heights as the efficient and faithful gardener for the loop park system, departed this life Sunday at 10 a. m. at the West Suburban hospital.

ARLINGTON HT'S.

Labor day, two weeks from Monday. Fine cool weather since Saturday night.

Born, a daughter to Mr. and Mrs. Kurt Stoessel, July 28.

Born, a son to Mr. and Mrs. Mc-Clerken of the Krause apartments, August 13, at the Evanston hospital.

Born, a daughter to Mr. and Mrs. Henry Adam, north State road, August 14.

Mr. and Mrs. A. T. Chidley, with their son, Keith and Miss Edith Morris, of Palatine, drove to Woodstock Sunday to call on friends.

Mrs. H. A. Kossack and her daughters, Lois and Alice, left here last week to visit her parents at German Valley.

Mrs. Maynard from Evanston was a guest of Mrs. Harry S. Garland, one day last week.

Mrs. B. E. Castle and son, Winchester F. Castle, left here last week to drive up to their summer home at Northport.

Mr. and Mrs. Ben Banner and their sons, Richard and Wilbert, of Chicago, drove out to visit his old friend, Mr. H. T. Ackley.

Mrs. J. P. Uselding and her granddaughter, Dolores Rizzi, have gone for a two weeks' visit with friends at Dubuque, Iowa.

Mrs. John Baugerman of 9 East Campbell, has gone to see her mother, who is ill at her home in Pennsylvania. Mr. Baugerman's mother of Detroit, is staying with Mr. Baugerman and their little daughters, while she is away.

Mr. and Mrs. Albert Goedke and Mr. and Mrs. Henry Fimbach, Jr., enjoyed a fine trip over the weekend, visited the wonderful grotto, the work of a priest of which so much has been written. Their tour took them into a part of Wisconsin and was everywhere pleasant and educational.

Mr. and Mrs. Max Stoessel, with their little daughters, Margaret and Elinore from Des Plaines, called on friends here Sunday.

Mrs. F. A. Whiting went last week to meet her brother in Iowa and with him to take an auto tour to visit all her relatives in that state.

Mr. and Mrs. William Mueller and family left here Saturday to drive to Leland by the Lake, to visit Mrs. Mueller's mother, Mrs. Weinhardt, in her summer home. Their daughter, Miss Lima, arrived home from her European tour in time to accompany them on their trip.

Harry Garland, who was graduated from the high school in June, has gone to DeKalb where he has employment and will enter the college at the opening this fall.

Mrs. Stangor, with her son, Emert, drove over from Glenview one day last week to visit her daughter here, Mrs. A. T. Chidley and family.

Members of Rev. Kossack's congregation at the Presbyterian church, were glad to have him in his pulpit again Sunday morning and to hear one of his splendid sermons. This good fortune was theirs, because Dr. Kossack was called home from his vacation to officiate at the marriage of Mr. Raymond Chidley and Miss Lascelle at Norwood Park and of Miss Arps and Mr. Olsen at Palatine and also the funeral of a Mrs. Tomascile. He left this week to join his family for the rest of their vacation.

A group of the Ever Ready club with some of their friends attended the Thursday matinee in Arlington Theater to show their appreciation and interest.

Mrs. Fred Tesch, Jr., came home from Elgin hospital last week to their apartment on North Pine avenue.

Mrs. George Peterson, Jr., and Mrs. Ben Koepen, went to Morgan Park Thursday last week to visit their former teacher, Miss Hester Paul, now Mrs. Schultz.

Rev. Kossack was called to conduct the funeral of Mrs. Gasper Tomascile, nee Barbara Zuschlag, Saturday at the home of her parents, Mr. and Mrs. George Zuschlag. The sermon and service were in German on request. The burial was in Arlington Heights cemetery.

Mr. and Mrs. Neville and Mr. and Mrs. Raymond Dobbins came from Deerfield Sunday to visit their granddaughter, Mrs. Fred Tesch, in her home on North Pine avenue.

Mr. and Mrs. Luke Bilzer of Crystal Lake were guests of Mr. and Mrs. Raoul Peeter, Wednesday last week.

The Legion party proved to be quite a success; seventeen tables for the games, buns and bridge.

Mrs. and Mrs. Philip Laeske were getting two hundred bunches of those fine golden carrots grown in their garden, ready for Monday morning early market. Mrs. Laeske's brother, a market gardener, handles them.

Little Donald Winkelman is spending a few days in Chicago with his grandmother.

Messrs. C. F. McElhose, Clarence Winkelman, Carl Miltzer, Wm. Niemeyer, attended the double header ball game Tuesday afternoon and were very disappointed when darkness came and stopped the game without a decision.

Mr. and Mrs. Clarence Winkelman entertained Mr. and Mrs. Charles Clower and Mr. and Mrs. R. J. Knox from the city, Sunday.

Miss Alivia Struve, and her sister, Irene, accompanied their uncle, from Chicago, in a motor trip to Yellowstone Park. They expect to be back Saturday when Miss Alivia will return to her place in the Emerald shop. Miss Bernice Wente, of Palatine, has been substituting for her.

Mr. and Mrs. Theo. Preuss entertained A. J. Bauske, of Detroit, Mich., an old classmate of Mr. Preuss.

Last Thursday, Aug. 14, Mrs. Irving Tesch entertained her mother, Mrs. Henry Lanckhoff and her sister, Mrs. Geo. Priener, and Mrs. Otto John, all of Des Plaines and Mrs. Edwin Wille of Mt. Prospect at a luncheon and bridge party.

There was born to Mr. and Mrs. Fred Tesch, Jr., a daughter, August 7. The little one, named Arline by her parents, before her birth was not for life in the cold world and her little lifeless form was laid in the grave by loving friends August 8, with Rev. Waltnire officiating.

Judge Homer J. Byrd, candidate for County commissioner, has gone to Springfield to the Democratic state convention.

Noble J. Puffer, assistant county superintendent of schools, and family, are leaving for a vacation trip to Door and Shunago counties, Wis.

Mrs. Paul Hoffman, with Erna and Budd, are enjoying the week at their summer home at Bay View Beach. They will have as their guests her sister-in-law, Miss Helen Leark, Mrs. Louis Reznor, Charlie and Geo., Mrs. Richard Jahn, Miss Marian and Dickie. Mr. Hoffman, Mr. Reznor, Mr. Jahn and Frank will join their families over the week-end.

Mr. and Mrs. W. C. Kreft are away this week on a vacation.

Rev. Taylor and his family have returned from their vacation.

Prenuptial Shower For Miss Ella Erber

Fortunate for the brides to be that the dry weather does not stay the showers of gifts from loving friends. Such a shower fell for Miss Ella Erber, in the home of Mr. and Mrs. Henry Zollner on South State road, Saturday evening, August 9, a surprise for Miss Erber. There were between fifty and sixty guests. The pretty decorative scheme was pink and blue. The gifts were arranged on a table over which was a sprinkling can, with streamers streaming out the attached gifts, all cleverly and attractively placed.

Bunco afforded entertainment. The refreshments were choice and a genial happy spirit prevailed. The gifts were such as any bride might treasure.

In the fall the wedding of Miss Ella Erber and Mr. Alfred Katke of Mount Prospect, is to be consummated.

Rev. Kossack filled the Presbyterian pulpit last Sunday. The Women's Bible class of the Presbyterian church spent Wednesday with their teacher, Mrs. Chas. Lorenzen, at her cottage on Fox river.

The crossing of the Mississippi river on the ferry boat and the Government bridge helped to give one a splendid view of the high bluffs and the low valley of which the river flows; also the Government's Arsenal complete one's sight seeing along this part of the river. By securing a pass we were able to enter the Arsenal grounds, and view their stone buildings and mounds of cannon balls and shells; all of which is a help to the young man's breadth of view as he enters high school this year.

Mr. Frank White, with his wife and sister, Mrs. Williams of Chicago, motored to Geneseo, Ill., in his new Ford car, with Mr. Frank Szasz at the wheel. Geneseo was Mr. White's home town when a boy. Being so near the Tri-cities, Moline, Rock Island, and Davenport, Mr. White decided to take the young man, Frank, sight-seeing in the business district of the three cities.

Mr. A. J. Manske, a Lutheran teacher, and classmate of Mr. Theodore Preuss, spent the past week visiting at the Preuss home.

Mr. and Mrs. William J. Bendien, 27 S. Highland avenue, were privileged to have Miss Hattie Henke, sister of Mrs. Bendien, visiting over the week-end.

The members of the Ladies' Aid of the Methodist church will meet Friday afternoon at 2:30. Election of officers will take place at this time.

Mrs. W. F. Rowland of Mayfair road is now visiting friends at Omaha.

Mr. and Mrs. L. B. Wayman and their son, James and family, drove up to Wisconsin visiting places where Mr. Wayman has interests.

Mrs. L. B. Heap and daughter, Verna, spent several days with her mother and sister in Chicago.

Mrs. Carl Annen and daughter, Barbara Louise, returned last Saturday from a two weeks' visit with her grandmother, Mrs. L. Miller, in Chicago.

Mrs. Raoul Peeter and the children are spending the end of this week at her father's summer place at McComb Lake.

Mr. and Mrs. H. Ashton of Carlyle Place, went to Dixon to spend the week-end and to attend the reunion of the Byrd family of that vicinity.

Mrs. Keller of Chicago is the guest of her sister, Mrs. L. B. Heap and family this week.

Mrs. H. E. Olsen of Derbyshire Lane, is entertaining her sister and husband from St. Paul, this week. The many friends of Dr. Edwin Bauman are glad to hear that he is back from his outing and rest. He is in his office quite restored to normalcy and able to stand and walk on his injured leg.

Mr. and Mrs. J. F. Manz of Carlyle place left home Tuesday for a fortnight's vacation in Minnesota.

Mr. and Mrs. Verne Wayman drove to Morris last Sunday to visit relatives in that city.

The W. H. McCullum family of North Evergreen avenue, are enjoying their vacation at Crystal Lake.

Miss Agnes Mayer is enjoying a two weeks' vacation.

Mrs. John Barrett and daughter, Miss Mae, of Oak Park, accompanied by the Misses Barrett of Tacoma, Washington, daughters of Rev. Edward Barrett, formerly pastor of Austin Presbyterian church, and granddaughters of Rev. Newton Barrett for many years pastor of the Presbyterian church of this city, spent last Thursday with friends here.

They also visited the homes of their ancestors in Elk Grove township. Mrs. Barrett is planning to entertain the Barrett-Dunton club at their annual meeting at her home, 325 South Grove street, Oak Park, some time in September.

Mr. and Mrs. John G. Sujack, accompanied by Mrs. Sujack's sister, Ruth G. Dahlstrom, have just returned from a one week's touring trip, having covered over 1,200 miles. They visited with relatives at Stevens Point, Wis., and also stopped for two days at beautiful lake Namakagan, which is in northern Wisconsin, where deer are very plentiful. Here they motored about the entire lake in a launch as guests of Mr. Dan DePutron of Lincoln, Nebraska, who pointed out the many islands in the lake and explained the Indian history connected with each of the islands. Stops were also made at Ashland, Superior, Wisconsin, Duluth, Winona, Taylor Falls, St. Croix Falls, St. Paul, Minnesota; LaCrosse, Kilbourn, Wis.

Mrs. Zelda Bennett, night operator at the telephone exchange, returned to duty Monday evening after a two weeks' vacation.

Mr. and Mrs. Nathaniel Carlson and children spent the week-end in Janesville, Wis., visiting many friends there. They also motored to Watertown, Wis., and attended several parties given in their honor.

Mr. and Mrs. Nathaniel Carlson celebrated their wedding anniversary last week, attending a dinner party in Rogers Park.

The Woman's Foreign Missionary Society of the Methodist church will hold their annual meeting and mite box opening in the church parlors Monday, August 25, at 2:30 o'clock. Members are asked to bring or send their mite boxes. Refreshments will be served.

Lascelle—Chidley

Wedding August 15 at Norwood Park

A quiet home wedding took place in the home of Mr. and Mrs. Joseph Lascelle of Norwood Park, when their daughter, Dorothea M., was united in marriage with Mr. Raymond T. Chidley, of Arlington Heights, the Rev. H. A. Kossack of the Presbyterian church reading the sacred rites, at eight o'clock, Friday evening, August 15.

Only the immediate family were present. The impressive single ring service was used by the minister.

The young couple, now Mr. and Mrs. Raymond T. Chidley, left for a brief trip. After their return they will make their new home at Norwood Park.

Raymond is one of our well known home boys, and has a host of friends who broadcast volumes of good wishes for him and his bride.

Willie Dreyer Fails to Place in C. A. A. U. Games Last Sunday

Willie Dreyer of Deer Grove, a member of the main team of the Illinois Athletic club, competed for the I. A. C. in a five mile and one mile race in the Central A. A. U. track and field meet at Soldiers Field, Chicago, last Sunday, finishing fifth in the five mile and sixth in the one mile. Both races were

won by teammates, Pfeiffer winning the five mile and Roy Conger, America's greatest miler, winning the mile.

Seventeen runners competed in the five-mile race. Medals were awarded to the first four finishes in both events.

The Illinois Athletic club easily won the team championship with 123 points.

The team scores follow—I. A. C. 123; Chase park, 20; University of Illinois 13; South parks 13; Wisconsin 8; Ampion A. C. 3; Chicago, 2; Norwegian-American A. C. 2; German-American A. C. 1; Penn. R. R. Athletic club, 8.

Mrs. Herman Niemeyer, accompanied by her husband, Mrs. Otto Bolte, Mrs. Lucille Dix and daughter, Marie, went to Elgin last Saturday to give the ex-soldiers in the hospital a treat of bar candy.

We blame the late announcement of the event to the fact that F. O. must be sashful over the new hon or heaped upon him. He should

It is a Grandpa Smile That F. O. Miltzer Wears

The other day the Chicago press told of a woman who was a grandmother at 34. The editor of the Herald does not know how many years F. O. Miltzer has to his credit, but we do know that he does look a lot younger than the majority of granddads, whose ranks he joined August 5. The parents of the little fellow are Mr. and Mrs. Gilbert Gustafsen of Zenith Station, Mt. Prospect.

We blame the late announcement of the event to the fact that F. O. must be sashful over the new hon or heaped upon him. He should

have hustled over to the editorial sanctum with a twenty-five center two weeks ago. Congratulations to both the parents and Fred.

LOUIS GATHMAN PASSES BEYOND OLD RESIDENT

Farmed Over 40 Years in
Schaumburg; Sunday
School Leader

Mr. Louis Gathman, born in Schaumburg over 74 years ago, and who spent the greater part of his life on farms in Schaumburg, prominent in religious work and leaving many descendants, passed beyond Friday morning, Aug. 8 at 9 o'clock at his home at 114 West Fremont street in Arlington Heights. The Gathman and connected families are well known and highly respected in their respective local communities.

The funeral was Monday afternoon at the late home and thence to the Presbyterian church in Arlington Heights. A brief account of the life of Mr. Gathman follows:

Obituary
Mr. Louis Gathman was born March 9, 1856, in Schaumburg, Ill., where he lived with his parents until he was married. On March 21, 1879, he married Miss Emma Scharringhausen. They made their first home on a farm near Early, Iowa, where they lived four years. Two children blessed this union, while living there.

From Iowa they moved to Des Plaines, Ill. Five happy years were spent here and two more children came to this home. In 1888, they moved to another farm near Schaumburg, Ill., where five more children were born.

Mr. Gathman was very much interested in religious work, acting as an instructor in Sunday school a long time and later was a Superintendent. Nearly forty years were spent on this farm, from which they moved to the late home on Fremont street in Arlington Heights. He was a great lover of his home, wife and children.

On March 21, 1929 Mr. and Mrs. Gathman celebrated their golden wedding, the dear Lord having blessed them with this honor, as well as having all their children with them on this occasion.

Since this date, Mr. Gathman has not been well, failing gradually until April of this year; since he was confined to his home entirely. The last two weeks he spent in bed alone, and on August 8, he passed beyond at 9 a. m.

He leaves to mourn his beloved wife, nine children, Ida, Mrs. John Kleinschmidt of Elberta, Ala.; Amanda, Mrs. Ed. Beisterfeldt of Itasca; Viola Mrs. Jos. Milligan of Arlington Heights; Martha, Mrs. Lloyd Bach, Albert, Arthur, Charles, Mrs. Fred Ollman, and Edward, all of Itasca, Illinois.

There are 29 grandchildren, 8 great grandchildren, three sisters: Mrs. Mary Becker, Mrs. Louise Scharringhausen and Miss Christine Gathman; three brothers: Frank, William and John; and many other relatives and a host of friends.

The funeral was held Monday, August 11, at 1 p. m. at his late home and from there to the Presbyterian church in Arlington Heights. The burial was at the Rest Haven cemetery near Bensenville, Illinois. There were many beautiful floral pieces from his many relatives and friends.

CARD OF THANKS

We desire to express our sincere thanks for the kindness of neighbors and friends and expression of sympathy in our bereavement.
Mrs. Louis Gathman and Children.

An Explanation
Electricity travels at the rate of 180,000 miles a minute. Which may explain the frequency of our light bills.—Arkansas Gazette.

Southside Breezes

Mr. Eugene Cornelius of New York is spending a few weeks with his sister, Mrs. Frank Wasser, en route to their old home at Miami, Fla.

Miss Genevieve Krah is home again after visiting at the home of her uncle, S. J. Stange, in Chicago. She is entertaining a friend, Miss Lillian Chausse this week.

Mr. and Mrs. H. S. Small, who have been visiting the Compton's, have returned to their home in Jackson, Miss. Mrs. Small is Mr. Compton's sister.

Last Friday, Mrs. Frank Sauers let all cares go by and watched the ball game at Cubs park.

Mr. and Mrs. A. G. Hasemann, Mr. and Mrs. Elmer Haseman and Miss Ruth, together with relatives from Park Ridge, spent last Wednesday at Lake Geneva.

Mr. and Mrs. C. Hoyt attended a family picnic at Elgin, Sunday.

Mrs. Culbertson of Palatine called on friends here Tuesday afternoon.

Mr. and Mrs. Eli Sauve, who have been on a vacation trip through Canada, stopped at the Krah home one day last week.

Mr. and Mrs. Walter J. Schuett attended the funeral of his aunt at Elgin, Tuesday.

Mrs. Lyons, who has been with her daughter, Mrs. J. R. Hodges, returned Saturday to her home at Ridge Farm.

Mrs. George Palmer and daughter, Helen, spent Monday in Harvard. Her father is recovering nicely from his recent illness.

Among those who attended the annual picnic of the American Legion at Lake Petrie, Sunday, were: the McBrides, Pecchias, Palmers, Kurtz, Rippeys, Roths, and the Misses Lois Clark, Elsie Lemke, and Irene Cloesing.

Mrs. Thos. A. Pope, So. Mitchell, entertained the Big Four Bridge club Wednesday. Luncheon was served.

Mr. C. C. Compton was in Uroana Monday on business.

The Saturday night "500" club has been postponed until August 30. Mrs. Walter J. Schuett will entertain.

John Sayers and family spent Sunday in Lockport.

Seems grand to have the Ehrets and Newbergs home again from their vacation trip.

Miss Evangeline Grismer from Virginia has been visiting her cousin, W. H. Grismer, and family. This was her first visit to Chicago.

Mr. and Mrs. Calvin Mitchell attended a reunion of the Third Ill. Infantry Volunteers of the Spanish-American War, at Elgin, Monday.

Miss Genevieve Krah began work Wednesday at the Creamery Package company. She is working in the office.

Little Bobby Stange, who has been visiting at the Krah's for a couple of weeks, returned to his home in Chicago, Monday.

The Miller's and Strandt's are newcomers on the south side, both families are living on South Highland.

Little Bobby Rippey celebrated his third birthday Saturday. Several little folks were invited by his mother to enjoy games and ice cream and birthday cake.

Agriculture in India
Two hundred and fifty-seven millions of acres of land are under cultivation in India. About one-third of this is in rice.

Tom Thumb Golf Endurance Ends After 142 Hours

Sally and John Greshner who participated in the Tom Thumb Golf endurance test at the local links lasted 120 and 142 hours respectively. Sally dropped out early Thursday morning of last week, while John lasted until that night. Sally had a total of 120 hours to his credit and his brother 142 hours. The cool nights and warm days are blamed by the boys for not lasting longer. Sally was forced to drop out when it was found impossible to awake him after his regular ten minute nap. He rose to his feet, but preferred a good day's sleep to any glory that might come his way. John remained until late that evening when he decided that he had had enough. An examination by a doctor showed that the boys had not suffered any ill effects of the experience.

Does Arlington Heights Need Bus Service to Des Plaines and Chicago

Bus service is supplanting street railways in many towns and an increasing number of people are using the same service in place of steam roads between the larger cities of this country. The United Motor Coach Co. of Des Plaines, we understand, is asking the question, "Do Arlington Heights people want bus service to the communities east of that village?" For some time this company had been making two run trips a day between Des Plaines and Arlington Heights connecting with service to Jefferson Park. They recently increased that service to six round trips daily as an experiment. Whether or not that service is to continue depends in a large measure upon the patronage accorded the buses. "Does Arlington Heights want the buses?" Those who are interested should cut out of this issue the time card, filling it away for reference when they next contemplate a trip to Des Plaines, or down on Milwaukee avenue.

Annual Festival at Bensenville Home to Be Held Next Sunday

The Annual Festival of the Evangelical Home for Children and Aged at Bensenville, the Rev. Wm. C. Krause, superintendent, will be held Sunday, August 24.

There will be two out-door worship services in the grove of the institution; German service at 11 a. m., speaker, the Reverend Karl Drexheimer, pastor of Eden Evangelical church, Chicago; and English at 2:30, speaker the Rev. G. A. Kienle, superintendent of the German Evangelical hospital, Chicago.

The Band of the Home will furnish music and the children will give an interesting variety program.

The festival is in charge of two societies: the Evangelical Men's Auxiliary with Mr. Louis Broman of the Getsemane Evangelical church, Chicago, chairman; and the Evangelical Women's auxiliary Mrs. C. Dreyfuss of St. Luke's Evangelical church, Chicago, as chairman of the ladies.

Gifts in provisions from field, garden and market will be received with thanks.

Parking space for automobiles will be provided.

A hot plate lunch will be served in the dining room; and sandwiches, coffee, ice cream and other refreshments may be had at the booths on the campus.

A cordial welcome is being extended to all friends of the home and to the public.

Marriages, baptisms and funerals by appointment.

CHRISTIAN SCIENCE CHURCHES

"Soul" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, August 17.

The Golden Text was, "My soul shall be satisfied as with marrow and fatness; and my mouth shall praise thee with joyful lips" (Psalms 63:5).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "The law of the Lord is perfect, converting the soul. The statutes of the Lord are right, rejoicing the heart; the commandment of the Lord is pure, enlightening the eyes" (Psalms 19:7, 8).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "When understanding changes the standpoint of life and intelligence from a material to a spiritual basis, we shall gain the reality of life, the control of Soul over sense, and we shall perceive Christianity, or Truth, in its divine Principle" (p. 322).

Services
Sunday school, 9:30 o'clock.
English communion service 10:00 o'clock.
Because of the English communion, the German service will be omitted next Sunday.

The True Celebration

It is essential that people who celebrate the four hundredth anniversary of the Augsburg Confession know this remarkable document. So a few words as to its contents will be welcome. Acknowledging the Bible as the one and only source of Christian truth the writers stress again and again the great central truth of the Bible, justification by faith. That is the searching light which is turned on every perversion of the doctrine of free grace, so that all error in this cardinal point is clearly exposed in all its repulsiveness. Because the confessors at Augsburg allow only the Scriptures to make statements about the sacraments, Christ's body and blood are really and truly present in the Lord's Supper and are distributed to the communicants, be they believing or unbelieving. Again, the Augsburg Confession states with great clarity and precision what the Christian Church is: "the congregation of saints, in which the Gospel is rightly taught and the Sacraments are rightly administered."

Because the confessors of Augsburg took their stand solely and wholly on Scripture, they also asserted a great difference between Church and State. Would that Protestant Churches today would adopt the principles laid down. There would then not be justification for the charge of the Roman Catholics of today that Protestants are every whit as deep as Catholics ever were in the mire as regards this matter of mixing Church and State.

Many other items of interest could be recited. But time and space are wanting. Perhaps it is better so, lest some get the notion that they, having read these few lines, have a pretty fair idea about the contents of the Augsburg Confession. Far from it. To get some insight into this confession, read all of it, if you have never done so. That certainly belongs to a proper anniversary celebration. Your pastor will be glad to supply you with a thoroughly readable copy in tract form for the trifling of 5 cents.

One benefit you will derive from a careful reading is that you will get first hand information on the great issues which brought about the separate organization of the Lutheran Church. You will be shown clearly and plainly why your spiritual forefathers left the fold of Rome, had to leave it. You will know why you are a Lutheran and

not a Romanist. It will also show you why the early Lutherans did not not give place to certain views adopted by certain Protestant Churches. And the reasons for which they rejected these opinions are as good and valid this year as they were four hundred years ago. Hence, another part of your anniversary celebration must be a strengthening of your Lutheran convictions. This great Confession, the greatest since the days of the apostles, is worthy of your continued and unswerving loyalty. It is hallowed by the sufferings and tears of many who were ready to endure hardship rather than abandon its holy truth, and by the blood of martyrs who laid down their lives for it. May this anniversary year inspire us to renewed loyalty

to that Confession which is enriched by such appealing and stirring memories. Celebrate by helping to tell the world that the Lutheran Church still holds aloft the standard which your spiritual forefathers unfurled at Augsburg, the standard which bears the legend: "God's Word and Luther's doctrine pure shall too eternally endure."
Rev. H. C. Fricke.

OBSERVER'S NOTES

I saw a man in mud and grime,
Faithfully working overtime;
In our needed drainage ditch,
I saw another in fine attire,
Spending other's money his desire;
Good friends, I ask you which
Is true gentleman, he who spent
Other folk's money as he went
A dishonest snob, though rich?
Honestly answer if you can
Which was the real gentleman?
I say the man in the ditch!

Great idea opening with such a question as that, yet it seems important, for just now labor and wealth are potent questions in our lives. And, Burns said "A Man's a Man for a' that." Yet when a man's pocket is filled with money, who questions how he got it?

Rather difficult to get this immense and not altogether silent drainage work out of these notes, since as I write, a very complicated and difficult engineering feat has been accomplished on the corner of Miner street and Douglas avenue.

A part of this intricate piece of work, which surgeons would term "A delicate major operation" was crossing Miner street, placing those immense sewer tiles under the old sewer, curving the corner at 15 or 18 feet below the surface. Here much of the heavy clay soil had to be laboriously removed by men with shovels. A prodigious piece of work. I take off my hat to those laborers.

If some movie man could put the monster machines, the laborers at their work, and the stupendous things they are accomplishing on the stage, crowds would pay big money to see it, and well they might. The great excavator and the mountains it lifts up are marvellous. Yet all this work is done quietly and in order.

When I say quietly, I grant the machines are by no means quiet. The men do their work and are in conduct gentlemen. If you have not witnessed this great piece of work for the betterment of our town, it is worth your time to see it. One of the contractor's men had some difference of opinion with one of the village, probably an inspector, and the outside man hurled at him: "O, yes, you work for the village and it don't matter what you do."

Fishermen have been in hard luck this vacation season. Waters dried up, fish all dead, and even if a few were left, the anglers and other natural bait were not to be found. The drouth had destroyed their chances to live.

Crickets? Yes quite a plenty of them, dear old drouth sleep producing crickets. Here in the vines calling to one another or to me, with a regular code, as well standardized as any of Vail's or Marconi's if you only understood or had the key. Yes, the crickets keep us calm in this racket of machinery and noise that would drown the fire sirens shriek or the sound of Gabriel's trumpet. But mind you boys, you don't get my cheery crickets, my drowsy somnolent, sleep invoking crickets, for fish bait.

Do you know idleness is not rest? Those who have a change of work during their vacation come back to their regular work or employment the most rested and refreshed. One of our busy journeymen, when asked the other day, what she would do during her vacation, said "I'm going home to cook for the men folks." That may prove rest, and freedom to her. It is change we often most need.

Must have been some sort of a Shylock after his pound of flesh out at Arlington Park during the month of racing. I heard a man who lives a busy employed life in this place say he lost fifteen pounds while he had to be out there. Ah, well, more than one lost pounds, some of good silver. Shylock, indeed.

If you live on the south side and one of your neighbor's dogs keeps you awake by its barking all night, be consoled by thinking what one

dog owner said when one of his neighbors complained that his dog barked all night. Said the owner, "O, that's all right, he sleeps all day." You see it makes a difference whose dog it is that barks.

Isn't it fine that you can't have cholera and small pox at the same time? Since this drainage machinery has waked the echoes all over town, no one seems to notice the shrieking and roar of the railway trains. There are always compensations even when "The grasshopper becomes a burden."

All noises fade into insignificance beside the noise of young children unguarded on the streets often nine o'clock at night. Last night for three hours heard them about the open drainage ditch where it was almost impossible for a sure-footed adult to pass safely in daylight. When a five year old child shot and killed her six year old playmate in an angry dispute, a judge said the child was too young to be brought into court.

The parents of that child were the ones responsible and they and all parents who put even toy guns in the hands of children are teaching them to shoot and may too often, as is proved, to become murderers. When those children were disturbing citizens last night at an hour when parents who really cared for their children's safety should have had them safe in bed, I could but wish the parents were made to answer in court for the safety of the children God had placed in their care.

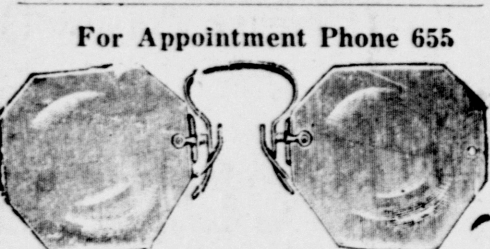

There are so many joyous, beautiful experiences in these midsummer days. So many lovely children whose parents do realize their responsibility. We do love the children and only pray that parents may love and care for their safety. Here comes little Anne dancing like a veritable fairy and here are the little neighbor children, all a bit bittine. The birds, my pet cricket and O so many kind friends. Why I wouldn't change places with a King, even one who has "Obedience" for the first clause in his code, and wants the ends of the earth to live up to it.

The other morning while we were at breakfast our table spread by a window where morning glories twine and blossom. Suddenly a whirl of tiny wings, forming a shimmering cloud of silver about the body of a little humming bird, so bright, so pretty, quickly he thrust his long bill into each bright flower and a "dip and a sip" and he was off like a flash. After a few minutes came a bumble bee and took his dip from each bright bloom. Hope the beautiful bird and the drone bee each got just the thing they sought and they left our vines unharmed.

Breakfast time in the palace, Where sparkling ruby wine, Was served from a golden chalice. To the prince of the line.

Crystals and china the rarest, Servants to serve and wait; All things priceless and fairest, Spread for the titled great.

In a common place dwelling, By the window a table was spread, Anthems of praise were swelling, From the tree tops overhead.

Morning glories all shining,
Through the festoons of the vine;
Over the window twining,
Rarer than a monarch's wine.

A humming bird swift winging,
Paused into each flower to dip;
Then away like a flash went swinging,
With the nectar he came to sip.

Nothing in all the King's palace,
Could equal the joy that was mine;
Where each "daughter of dawn"
held her chalice,
For that glorious bird in the vine.

Life is so full of contrasts and some of these bring us back to earth with a bang after we have been sailing with the clouds on some wonderful vision or fancy. So after the humming bird had so swiftly flown where we brought to earth by the drone of a bumble bee. An honest fellow after his daily bread yet it was like passing the collection basket before the echoes of a beautiful anthem has died away, or opening the door expecting to see the face of a friend and meeting a grumpy old bill collector.

The region round about us is surely blest with showers as needed, never was grass greener nor foliage so clear and bright. Because of this many seem to think it impossible other places suffer from the drouth. At any rate we can put up prices on all provisions and keep "the wolf from the door" of those who sell to us.

At any rate you cannot show us another town on the map where more people have gone on vacations en-familie in their own cars, nor can you show us a town on the map that has so busily kept up social and public affairs at home. Why some of us have attended two or three bridge parties a week.

Read the other day that an Englishman says "America has never produced any masterpiece of intricate design; one requiring deep and solemn thought." The writer thought he had never seen one of our road maps. Just now I would like to remark, "he should see our new drainage system." Intricate in design and certainly requiring "deep and solemn thought." That's all the answer to be given the Englishman today, whose memory is too short to recall the Wright brothers and a score of others.

In former times we wrote in prayer and tears urging harmony and a united effort on the part of our people to erect a public building, a Community hall, where all denominations and all peoples in our community might gather to hear lectures, sermons, music, and whatever was educational and edifying to all. Our churches each have their hall ever shadowed by denominational names. We have no real Community hall.

Along the streets the shadows fall,
Where many slightly homes now rise;
The trees the fathers set grow tall,
And thrift is here and enterprise.
Within these homes once reigned content,
Music and joy and children's play,
Divers the ways in which are spent,
The hours of families today.

Eastern Star Notes

The Arlington Heights Eastern Star having invited the Des Plaines Bethel order of Job's Daughters to exemplify their work, held a short meeting Thursday, Aug. 14. Esplanade were Sister Sallie Volz, G. L. and Hattie Bartel, W. M. of Des Plaines chapter.

We are sorry to report that Sister Isle is at the Melrose hospital but is doing well.
Aug. 22 will be Worthy Matron's and Worthy Patron's night.
Sept. 25 in place of our regular meeting, there will be some sort of entertainment.

Aug. 22, Sister Mary Meyer, W. M., will serve as Adah at Day Star chapter, Dundee, Ill., and Sister Emma Laurin, A. M., will serve as

Content to live the selfish life,
Gathering and scattering not again;
The larger needs, the holier strife,
Appeals not to the souls of men.

Closing the door to broader view,
Too oft we live for self alone;
And when a kinder way is shown,
We crush the plan—the worker, too.

Granting we are a goodly kind,
And in our lives hold right intent;
Along the way the fathers went,
We too oft straggle far behind.

Hearing a call for higher things,
For Public Good for human weal,
Dissensions rise and envy stings,
Hushing humanity's appeal.

Planning to bring for all great good
Comes one of broad, unselfish mind;
His unaccomplished work we find,
By factions' all misunderstanding.

Pulling that way or pulling this,
In councils of community—
Helps not a worthy cause that is
Only attained through harmony.

Listen! A proverb this recalls,
A house, however, builded strong,
Against itself divided falls,
Divided we must fall ere long.

The trees the fathers set grow tall,
They built the very best they knew;
Our time demands a broader view,
A stately edifice for all.

Moving together for the right,
The fathers' needs were very small;
For our large needs no structure tall,
Built for all men, adorns this height.
—Elinore Crisler Haynes

Martha at Crystal Lake, Ill.
Aug. 25, Sister Meyer will serve as conductress at Anshoch, Ill.

Aug. 26, Sister Lily Jahn will serve as Ruth and Brother Jahn as Worthy Patron at Niagara chapter.

The new pedestal covers were received and all were invited to examine them and note their beauty. Sister Meyer thanked the refreshment committee and all those assisting.

Chapter was closed and the Job's Daughters and visitors entered the Chapter room. No. 1000 Park Bethel were also invited to be present. There was a good attendance, in fact more than we expected, which was very gratifying to all.

The girls did very wonderful work, every one present enjoyed as well as profited by the lessons taught by this order. Those not having seen the work should take advantage of the next exhibit, it is time well spent.

Mrs. Victorine Ray, Grand Guardian, and Mrs. Mary Meyer, were presented with flowers and guided to a seat of honor. They were also called upon to speak, as was Mrs. Hock, Guardian of the order.

Mrs. Ray presented two of the girls who had reached the age of 20 years, with honorary membership cards and told them she hoped they would continue the good work and join the O. E. S. if they had not already done so. She also told of the growth of the Bethel order.

Mrs. Hock thanked the Arlington Heights chapter for inviting the girls to exemplify their work. The closing ceremony was very beautiful and impressive.

The girls received a very hearty applause. All retired to the dining room for refreshments. Not being successful in getting Herman Meyer our Worthy Patron to speak at their meeting, they finally got him in the dining room but were unable to procure a speech. It was an evening of most profitable enjoyment.

Open Something
New in Tire Repair
and Battery Service

Harold Hastings and Levi Heap of Arlington Heights have opened at Frederick's Service station at Northwest Highway and Pine street, the E. N. Rubber Welding and Battery Service company.

Difficult from vulcanizing in tire and tube repair, the new rubber welding process fills raw rubber into the hole by a welding process without affecting the rest of the tire; and the mended place after the welding is complete, is as fresh tough and flexible as when the tire was new, the job guaranteed for the life of the tire. The partners claim and have work in process to show that the process is not only a big improvement over vulcanizing, but is much less expensive to the tire owner. Fabric reinforcement is used, and a workmanlike job done, even though the rip in the tire is several inches long. The equipment for this can only be leased, not purchased. Hundreds of these E. N. rubber welding service stations are being put in all over the country.

The new battery charging machine is unusual in that it has an automatic shut off which stops the current when a battery is fully charged, and protects the battery from being ruined or injured by burning by any excess of current. Batteries cannot be connected up wrong with this machine. There is also a new improved battery tester, which accurately shows the condition of each cell, separately.

TERMINAL IN ARLINGTON HEIGHTS
(Corner Dunton Ave. & Davis St.)

This big 5 in 1 Self-feeder is one of the greatest profit makers ever invented for poultrymen. Feed makes eggs and this self-feeder with its 5 compartments for Mash, Grit, Shell, Charcoal and Meat Scrap makes the various egg making ingredients available to your hens every minute of the day. Your hens balance their own ration and how they do shell out the eggs!

This feeder is built by Jamesway—it is substantial—will last a lifetime. Feed can't clog—hens jumping on the feeder joggles feed down. Holds week's supply of feed for flock of 125 to 200 hens. No waste feed—saves hours of labor every season—soon pays for itself in saving of feed and labor and extra egg production.

We invite you to visit our store and see this remarkable feeder. It is the finest and most practical feeder we have ever handled. Don't buy a feeder of any kind until you see it.

Mt. Prospect Department

Miss Martha Schott has returned from St. James, Minn., where she spent a most enjoyable vacation with Chief Mulso and family.

Mr. and Mrs. Herman Noll will celebrate their fifteenth wedding anniversary Saturday evening by entertaining the entire cast of "Home Came Ted." All are anticipating a most wonderful time.

R. F. Huecker, manager of the new Central Ave. Garage has been suffering from a severely strained knee.

Mrs. Beaudres of George street entertained her sister from Chicago last Sunday.

Mrs. Gus Andersen and Betty have returned from a vacation at McHenry.

Mr. and Mrs. Henry Knop enjoyed a trip to Kenosha, Wis. last Sunday.

Mr. and Mrs. Zickelbach and children and Mrs. Arnold Schramm and children enjoyed an outing at Crystal Lake, Monday.

The Maleske's spent Sunday in Chicago.

The Pottawamie Camp Fire Girls enjoyed a home town treasure hunt Tuesday evening.

Russel Dahlstrom is spending a week on the farm at grandmother Dahlstrom's near Lily Lake.

Mr. Otto Landeck has motored to Hamburg, Minn. for Miss Dorothy Landeck, Miss Viola Holste, and Miss Erna Wille who have enjoyed a vacation at Hamburg.

The Senné family and Tatze family motored to Wood stock Sunday and paid a surprise visit to Mr. and Mrs. Belew, who had formerly lived in Mt. Prospect.

Mrs. Schuffert and Miss Dora Busse attended a birthday dinner Tuesday evening at the home of a niece, Miss Clara Lawrence in Chicago.

Chief Mulso and family have returned from a trip to Minnesota.

Just eleven days from today and the school bells will ring again.

Mr. and Mrs. J. Gerken, Mr. and Mrs. Wm. Gernerich, Mr. and Mrs. H. Meyn and Elvira and Mr. and Mrs. Benice and children spent Sunday at Lake Geneva.

Mr. and Mrs. Charles J. Homeyer have returned from a vacation trip to the Dells.

John Kinsel, our baker is suffering from a severely burned right hand caused when gas from the oven blew back.

A party of twelve, including Mrs. Paul Jonas and children, Mrs. A. Dahlstrom and children and Mrs. H. Lang and children spent Friday at Lincoln Park, Chicago.

Phyllis Boedeker was a happy little hostess to 14 of her playmate on her last birthday in celebration of her 4th birthday.

Mr. and Mrs. Elmer Ocquist are sharing their home with Mr. Ocquist's brother and wife.

Mrs. Wm. Schott entertained about 25 friends last Sunday, with a party in honor of her birthday. Many beautiful gifts were received by Mrs. Schott and all enjoyed a good time till the wee-hours of the morning.

The Morris Ingall's family have returned from a several days vacation at Grand Rapids.

The Arnold and Roland Dahlstrom families spent Sunday at DeKalb.

Lawrence Lee entertained Arthur Dippman of Chicago, Tuesday.

Mrs. Otto Boedeker entertained her birthday club last Thursday evening.

Main street and Northwest Highway is the scene of much activity now, as Mr. Meyn is starting to prepare the corner for a new building to be occupied by the Standard Oil Company as a service station and will be under the management of Harold W. Flinn of this village. The opening date will be on or about Sept. 1.

Sunday the infant daughter of Mr. and Mrs. Alvin Beigel was baptized by Rev. J. Mueller and received the pretty name of Marilyn Ann. The sponsors for Marilyn Ann are Walter Beigel and Miss Evelyn Dailia.

Mrs. Skillen and family and Mrs. Martin and family enjoyed a trip by motor to the Pines State Park, Tuesday.

J. H. Hunter, father of Mrs. Lang, with whom he lives, fell last Saturday, in the home, injuring his left side and causing him to be bed fast.

Mrs. Martin's sewing class met Wednesday at her home. The class of five girls have had seven lessons and are finishing their first wash dress of which both teacher and class are very proud.

Miss Bertha Ehard took the younger group of Camp Fire Girls to Riverview Park, Monday evening.

Mr. Dawson, Sr., who recently came to live with Mr. and Mrs. Dawson, is quite ill.

Yes sir, you can see the new Ford at R. F. Huecker Sales & Service Station on Central road.

Mrs. Chas. Pankonin and Mrs. Herman Kieper surprised Mrs. John Pohlman Monday afternoon by calling on her.

Mrs. Paul Jonas and Miss Fern Lindstrom and Lorraine Jonas, with her cousin, Fayth Lechner, spent Tuesday afternoon at the Tom Thumb Golf course at Arlington Heights.

Birthday Surprise for Mrs. J. Pohlman

Mrs. John Pohlman was given a birthday surprise last Sunday by 27 of her relatives. Many beautiful and useful gifts were presented Mrs. Pohlman, which she greatly appreciated.

The crowd began arriving in the afternoon and all enjoyed a real birthday dinner and a very sociable evening, leaving about 10.30 wishing Mrs. Pohlman many more happy birthdays.

Mt. Prospect Residents Visit the Lotus Beds

Mrs. Skillen, with Mrs. Louis Wille and mother, Lawrence Lee and Robert Skillen motored to McHenry last Thursday to spend the day with friends who later took them to see the Lotus Beds at Grass Lake. These rare specimens of beauty are so situated that a boat is necessary in order to appreciate their real beauty and fragrance. The leaves are round and about two feet across, the blossoms are a pale yellow, and have a center loaded with a strange but delicate perfume. The Lotus flowers stand from three to four feet above the water. This bed is thought to be one of a few left in the world and is a rare treat to those visiting Grass Lake.

ADELMA KROLL VICTIM OF SURPRISE

Miss Adelmä Kroll was given quite a surprise last Sunday evening by her mother, a birthday party at the home of Mrs. Otto Adams on Main street. The following guests arrived at 7 o'clock: Herbert Radke, of Sterling, Ill., Virginia and Lawrence Wendorf of Elmwood Park, Elmer Rasmussen and Victor Brown of Chicago, Bernice Tatge, Wm. Rateike, Earl Pahnke, Henry Knop, Emma Seidel, Leona Maleske, Edna and Jessie Buck of Mt. Prospect. Adelmä received many very pretty gifts and a lovely time was enjoyed by all.

MT. PROSPECT COMMUNITY CHURCH

The Community Sunday school meets at 10 o'clock every Sunday morning in the public school building and has classes for all ages including the babies. Everyone is cordially invited to attend.

There were 73 present last Sunday and though many are yet away for the summer, Mrs. Lang deeply regrets not being able to be with her splendid class of girls last Sunday because of the illness of her father.

The attendance at the church services are steadily increasing and it is hoped that soon, all who do not attend church, will see fit to come to the Community services.

Mt. Prospect Has Its Ford Garage; Owner Returns to Old Name

R. F. Huecker has "returned to the old game," as he says. He is now selling Ford cars. "It is not the same old Ford," says Mr. Huecker, "but the name is the same, and it seems good to again be lined up with the Ford organization."

Mr. Huecker was recently awarded the Ford contract as an authorized agency for Mt. Prospect. At three o'clock the other morning, three cars were delivered at the Huecker garage on Center street and the supply of parts found at all authorized agencies, etc., will soon follow.

Who was the First Baby in Mt. Prospect, and Why the Name?

The Mt. Prospect Herald has started upon a hunt to learn who was the first child to be born in Mt. Prospect. There are a lot of other things about the village that the Herald is going to write about the coming weeks, connected with the establishment of the village, etc. Commissioner Busse has frequently spoken about the early history, but we know that our readers would like to know how the town acquired its name. Who will help us?

NOTICE

Scaled bids will be received for building addition to present school house on East side of River road, just south of Higgins road in District No. 78, Town of Leyden. Plans and specifications may be seen at clerk's office. Bids will be opened August 29th, 1930, at 8 o'clock p. m. Daylight Saving Time. Board reserves right to reject any and all bids.

By order of Board of School Directors of District No. 78, Cook County, Illinois.

SAMUEL E. HACHMEISTER, Clerk
River Road, 1/2 mile north of Lawrence avenue.

WHEN BETTER AUTOMOBILES ARE BUILT... BUICK WILL BUILD THEM

Forty-Five Thousand More Cars in Illinois This Year; More Roads

Springfield, Ill., August 19—Automobile license fees collected in the first seven months of 1930 by the Automobile department of Secretary of State William J. Stratton's office will build 600 miles of hard surfaced pavement.

On August 1 the license fees collected were \$17,861,452 which will pay for 600 miles of pavement at the figure of slightly less than \$30,000 a mile which the State now is paying.

Under State law, all of the collections of the automobile department or the Secretary of State's office are paid into the road fund in the State treasury.

The license fee total on August 1 was \$1,508,000 more than the collections in the same date last year. An increase in all classes of registrations, except dealers, was responsible for the large fee increase. Passenger cars increased from 1,332,862 on August 1, 1929 to 1,372,717 on August 1, 1930. The difference is 39,855. The truck increase was 5,875. The increase in motorcycles was 363 and 5,486 now are being operated in Illinois. Trailers increased from 4,111 to 5,881.

The August 1 report shows an increase of \$390,000 in the collections of the corporation department of the Secretary of State's office. The collections of this department on August 1 of this year were \$3,661,000 as compared with \$3,270,000 on the same date last year.

The report also shows the total fee collections of the Secretary of State's office for the first seven months of 1930 to be \$21,522,691.00, making this office by far the greatest revenue producer of the state.

Another Accident on Northwest Highway

About 11 o'clock last Friday morning Jeffrey Fleming, brother of Captain Fleming of Shakespeare police station, Chicago, lost control of his car on N. W. highway in front of the Mensching farm, causing severe scalp lacerations to himself and minor injuries to relatives who were with him. The other occupants of the car were Mrs. Richard Daly, Marion Fleming, Loretta Fleming and Kathleen Riehl. The body of the car was badly damaged from rolling over several times.

Conrad Nagel in "Numbered Men" at Oriental

Bernice Claire comes to the Oriental Theater next Friday in "Numbered Men," a romance packed with thrills galore. Miss Claire was given her chance in talking pictures in her role in "No. No. Nanette," and later completed "Spring Is Here" and "Song of the Flame." "Numbered Men" is a story of prison life, and the penal system within the walls of a House of Correction. Men confined to an institution with only pleasant ideas of what goes on outside of the massive walls, with only thoughts of the loved ones they leave behind. A finer cast could not have been selected to assist Bernice Claire in "Numbered Men."

Race Drivers DEMAND the TIRES WE SELL!

THE Indianapolis 500 Mile Endurance Race is famous as an endurance test and battle of tires for no driver can win this race who has tire trouble. He races over a hot brick track at a speed of 100 or more miles per hour. For eleven consecutive years Firestone Gum-Dipped Tires have been on the winning cars.

FOR years the winner of the hazardous race of Pike's Peak climb—where a slip meant death—used Firestone Gum-Dipped Tires.

1. **THESE drivers do not simply choose Firestone Tires. They demand them. They know by experience that this tire never fails. It never fails because it is built not to fail by the special Firestone processes of tire building.**
 - (a) Every fibre of cotton thread going into the making of the cord fabric, which is the foundation of the tire, is coated and cushioned in rubber by the Firestone patented Gum-Dipping process.
 - (b) Under the tread is the Firestone patented Gum-Dipped Double Cord Breaker—which means not only two extra plies where most needed, but also sets the Firestone Tire apart as an all cord tire, while others are woven fabric and cord.
 - (c) Firestone Super High Speed Tires now have 32% more rubber in the tread, giving deeper grooves that will give you over 50% more non-skid wear before the tire is smooth.
2. **THESE are not just features. They are basic differences in tire building proved by service on every kind of road and track.**
3. **YOU may never intend to race. You may never intend even to speed. You may never climb Pike's Peak. But, every day—whether you know it or not—your life depends upon your tires.**
4. **WE HAVE these Super High Speed Gum-Dipped Balloons for sale today. They are the same tires that the racing drivers demand—the premier tires of the world. Their first cost is low. Their cost per mile of service makes them cheaper today than even cheap tires. They are inexpensive, not only because the price of rubber is low, but because we have joined with Firestone to bring into the sale of tires the same degree of efficiency which goes into their manufacture. The benefit of all this is in the price to you.**
5. **DRIVE IN TODAY. We will examine your tires and make you an allowance for your un-used mileage. We can equip your car with new Firestone Super High Speed Tires at a much lower cost than you ever expected. They will give you unequalled service and satisfaction.**

John Boles Scores Again in

EAST MAINE

Mr. and Mrs. Fred Finern and daughters, Lillian and Evelyn and Mr. Gustav, Edna and Rose Koelpe, motored to Eagle River, Wis., last week, enjoying five days vacation at the Koelpe summer home there, returning early this week.

Mr. Walter Busse of New Ulm, Minnesota, will be officially installed as teacher in St. Matthew's Lutheran congregation at the regular morning services, Sunday, Aug. 24. Mr. Busse will teach the upper grades, Miss Ella Gifford will return to continue her work with the lower.

Mr. and Mrs. John Jacks left here Saturday evening as members of the first annual Prairie Farmer tour of the great northwest. A party of 240 embarked from the Chicago Union station at 8 p. m. via the Burlington route, their first stop to be at St. Paul. The trip is a personally escorted tour of 5,500 miles through the northwestern United States and Canada and is to last two weeks. It is expressly a pleasure and sight-seeing tour with of course, the educational advantages always afforded by travel.

The baseball dance at Virginia Grove Saturday was as usual attended by a large crowd of jolly young folks. Guests from miles around kept coming until a late hour and at the peak of the evening the floor was crowded. Art Anderson, Art and Joey Ahrens and John Goettsche were in the orchestra pit and furnished delightful music throughout the evening. Friendly warfare on the diamond was forgotten for the time being as members of the various teams played by the local boys throughout the season mingled in the crowd and all were congenial and happy. With expenses paid the boys realized a tidy little sum to be added to their club treasury. They sincerely appreciate the backing and support their many friends give them, not only at their social affairs but on the diamond as well and to prove their appreciation they're going to do their best to finish this season with flying colors.

BELLWOOD NOSES OUT EAST MAINE IN NINTH INNING

The Bellwood A. C.'s came to East Maine Sunday and true to their predictions went home on the winning end of a 9 to 8 score. But it was just luck that enabled them to push that one run across the plate in the ninth inning to break the 8-8 tie and win the game. A hard game had been anticipated and it was all of that.

The local team is still handicapped by the loss of their pitcher, Bill Selke, who, however, was in the lineup, playing the outfield and who covered himself with glory at the plate, getting 4 hits and a pass out five times up and scoring 3 of the 8 runs. Eddie Names was again in the box and pitched five innings of good ball, but had to be taken out in the sixth after allowing his opponents to score three runs thus losing the 2 run lead his teammates had held since the fourth frame. With none down and a man on second Joey Ahrens undertook the task of stopping Bellwood's advance. He did good work too, giving but two hits, one in the eighth and one in the ninth, both of which were counters though unearned.

The home boys who looked like school boys, compared to their opponents, nobly showed their colors in the opening inning scoring three runs after two were out. Olsen drew a pass, Bill hit, Names getting on first on an error and Joey cleaned the bases with his double. Frank Lueth's pop to the third baseman ended the inning. Bellwood tied that score in the third but Bill added number four in the same round which was again tied in the fourth. Gartner and Olsen raised the count 6 to 4 in the home half of that inning. Getting the lead in the sixth, Bellwood held it until the eighth when Olsen and Bill Selke walked, scoring on Names' smashing hit to center. Eddie was caught at third.

Frank Lueth did some snappy work behind the plate and John Goettsche came through in fine style getting three hits in his first three trips to the plate. As if the opposing pitcher's curves and the ordinary trials of a ball player aren't enough, Ocky Olsen was afflicted with a severe toothache, in spite of which he took care of his work at second first rate and scored three runs on a double and two walks.

Next Sunday East Maine will play Mt. Prospect at Mt. Prospect. This is the second meeting between these two teams and bids fair to be interesting.

Point to This

The most winsome and wayward of brooks draws now and then some lover's foot to its intimate reserve, while the spirit of a bursting water pipe gathers a gaping crowd forthwith.—James Russell Lowell.

SPORTS

T. C. HART, SPORTS EDITOR

RECORD CROWD JAMS HAWTHORNE RACING PLANT

Threatening weather failed to dampen the enthusiasm of Chicago turf fans last Saturday and a capacity crowd filled every nook and cranny of the Hawthorne plant to witness the running of the Chicago Business Men's handicap.

The big crowd was rewarded with a fine program featured by the victory of Lady Broadcast, a noted bad performer at the post, happened to be on her good behavior and the field got away with no delay at all. Lady Broadcast was away well and followed close behind the pace set by My Dandy and Brown Wisdom. At the head of the stretch Lady Broadcast went to the front and won easily. Her light impost compared to the weights carried by the favorites and her being in a good humor and a running mood, made the race an easy victory for her ladyship. Victorian, backed down until he was second choice, was the sad disappointment of the race and chase the rest of the field helplessly the entire journey.

Scout, Calona and Lieut. Russell were other popular winners for the big holiday crowd. No surprising long shots popped down during the afternoon which made the long shot players somewhat unhappy as they had been enjoying a great week of prosperity.

The summer meeting at Hawthorne ends Saturday after which the beautiful Lincoln Fields course will be the center of attraction for a thirty day meeting. The present meeting at Hawthorne, like all other meetings this year in the Chicago territory, has broken all previous records for attendance and has been a highly successful meeting in every way.

Aurora Fall Meet Goes to Hawthorne

An arrangement has just been completed whereby the October race meeting scheduled for the Aurora track at Exposition Park, will be moved to the Hawthorne track. Hawthorne has a fall meeting the fore part of October, and the addition of the Aurora meeting to the regular Hawthorne fall meeting will give Hawthorne better than a thirty day fall meeting, ending on October 31, the closing day of the Illinois racing season.

Many requests had been made by horsemen and followers of the racing game to bring the Aurora meeting to Chicago and many horsemen who otherwise ship east or south after the close of the regular Hawthorne fall meeting have promised to keep their horses in Chicago if the Aurora meeting could be transferred.

The serious illness of Cliff Trimble, general manager of the Aurora track, who is just recovering from a long illness, sickness, also may have influenced the Aurora officials to agree to a transfer of the meeting. The Hawthorne management will make all preparations to conduct the usual high class brand of Hawthorne racing right up to the closing day of the season.

Point to This

The most winsome and wayward of brooks draws now and then some lover's foot to its intimate reserve, while the spirit of a bursting water pipe gathers a gaping crowd forthwith.—James Russell Lowell.

Sport Brevities

Well, well, well. Just as it began to look as if those Cubs wouldn't be able to get up there to the top of the heap, they get going great guns, knocked off that persistent Brooklyn outfit and the other eastern invaders and are now roosting up there on top of the ladder and it once more begins to look as if there might be some world's series games in Chicago this fall after all. That is if the boys can keep up the pace. It will be a long time before Cub fans can forget those two years when the locals had the pennant practically cinched and then went all to pieces on their last eastern invasion and tossed away the big prize. So the Cub fans won't be certain of anything until after the Cubs swing around the circuit once more. They are hoping and pulling for a pennant but nothing is certain until its in the bag for keeps.

Old Bill Tilden made a great tennis come back this season, but the pace got too hot for the old expert and he faltered like an old race horse. Last week he defaulted a match because of uncomplimentary remarks from the crowd on his playing.

Advancing years have no terror for A. A. Stagg, the grand old man of the Midway and a birthday to Mr. Stagg means just another day's work and play. A game of tennis to keep fit and a lot of time spent on figuring out plays to confuse the opponents of the Maroon football team this fall. And Mr. Stagg is just as anxious to see the start of another football season as is the youngest recruit on his squad.

A week or two ago we wondered if Prairie baseball was doomed. This week we feel greatly encouraged. A wide swing around some of the outskirts of Chicago Sunday showed game after game in progress on vacant lots and prairie diamonds, and the crowds watching these games were in most instances very good all interest at a high pitch. All the fans can't cram their way into the big league parks and there are thousands of fans who can't afford big league admission prices these hard times. There is still a place in the scheme of things for the prairie and vacant lot ball game.

**Spectacular Scenes
Filmed for French
Revolution Picture**

By far the most elaborate production yet attempted in all-sound, Universal's dramatic musical spectacle "Captain of the Guard," starring Laura La Plante and John Boles, was made despite a multitude of difficulties reproducing on the talking screen the flaming drama of the French Revolution coming to the Pickwick Theatre, Park Ridge, Thursday, and Friday, Aug. 21 and 22.

When Director John S. Robertson, who has filmed many picture successes was given the picturesquely romantic, intensely dramatic Houston Branch story of the birth of the "Marseillaise" hymn to create for the screen, he faced a monumental task.

Great mobs of extras forming the opposing armies of the Royalists guarras and the revolutionary troops and numbering as many as 10,000 players at one time, had not only to be photographed against the background of vivid drama, but their battles, the crackle of their muskets, the booming of their cannon, their sweep to victory singing one song which had just been born to them—all had to be perfectly recorded in sound.

As many as sixteen cameras, each with its sound outfit, were used at one time to record the terrific struggle in front of the gar-

risson taking in the entire battle from every angle in the one shot. Forty assistants bawled orders to the various regiments and detachments, all of whom were governed from the radio control platform where Director Robertson controlled his armies by microphone and signal flags.

A battlefield of many acres had been prepared, to every corner of which went signal lights controlled by the radio panel operated by Robertson's fingers. A signal to his army brought it marching forth, and a signal to that caused it to fall back in retreat. Another signal brought the revolutionary reinforcements surging forward, to carry everything before them as they sang the song which, unknown its destiny, had been written by Rouget, played by John Boles, captain of the King's guards.

In the more intimate scenes, where Rouget sang the beautiful love songs, especially written by Charles Wakefield Cadman and Rex. Roehmold to Marie, who later became the "Torch" to lead the revolutionists on, great care was taken to reproduce Boles' magnificent voice in perfection.

Perhaps the most difficult sequence of the entire picture was that in which Miss La Plante, as "The Torch" is rescued from her dungeon by the mob who storms the arsenal, batters down the doors, and with lighted torches in their hands bring her out on their shoulders.

**Extended Highway
Widening Program
Pushed by C. M. C.**

To push the widening to 40 feet of radial roads (those leading in and out of the Chicago area) to 100 to 150 miles from Chicago, is the hope of the Chicago Motor club expressed in a recent circular letter. It means greater safety and comfort in driving particularly for the Chicago motorists, who suffer spec-

ial inconvenience in Sunday and holiday driving, owing to traffic congestion in and near the city, the letter explains.

The club has approached civic organizations in many cities, and held meetings—in Woodstock, Waukegan, Sterling, Valparaiso, South Dixon, Rock Island, Peoria, La Salle, Kankakee, Joliet, Freeport, Elgin, Bloomington, Danville, Champaign, Bloomington and Aurora, the report states. Gratification with the much widening work now going on in the metropolitan area is expressed.

WHEELING DEPARTMENT

Dr. E. C. Nehls has moved his family from Chicago to Wheeling, where he has rented rooms in the Hodge residence. Dr. Nehls is establishing a very good reputation in his dentistry here, and we are glad to welcome him as a resident of the village.

The fire department was called out Tuesday, Aug. 2, when a barn on an abandoned farm on River road was discovered ablaze. The fire had made too great a headway before the alarm was given, for any of the buildings to be saved. However, it was kept from spreading to remaining buildings.

Miss Adeline Schneider visited the Dickinsons at Morgan Park last week. Mrs. C. Taylor and Miss Kate Taylor of Pontiac were also visiting there. The Taylors and Dickinsons were former residents of Buffalo Creek Farm.

Miss Kate Lohman is spending a few weeks with the Buettners before taking a new position on the Lake Shore.

Mrs. C. Balling and daughter, Mrs. E. J. Welflin and Miss M. Johnson, attended the final game of the Cubs vs. Brooklyn series last week. They enjoyed being numbered among the colorful spectacle presented at the ball park each ladies day, as well as witnessing one of the most closely contested games of the season. The Cubs park is gaining in popularity with Wheeling fans, the following of whom also attended the games during the past week: Misses Elsie Pieper and Charlotte Erickson, Palmer Keil, the Messrs. Hy. Grandt, E. J. Welflin, E. E. Gieske, F. W. Welflin, Hans Schmidt, C. C. Upadell, Mr. and Mrs. J. Meyer, Donald Welflin, Alvin Bucher and Lenard Gieske.

Mr. and Mrs. J. E. Barrett at-

tended the annual State Fair at Springfield this week.

Rev. E. L. Shaw is away spending part of his vacation with his sister near Rock Island.

Miss Dorothy Hodge entertained a group of her friends in honor of her birthday Sunday evening.

Miss Emma Schmidt of Eagle Rock, California, has been visiting at the Schmink home.

Mr. Clarence Hoffmann has broken ground for a bungalow garage which he plans to build this fall in the Wille subdivision.

Mr. and Mrs. Ralph Sandeen returned from their honeymoon vacation trip Sunday. They were welcomed at Childerley by a party in their honor given by the mothers Monday evening.

Mr. and Mrs. Fred H. Hotopp entertained a large gathering of relatives Sunday in honor of their infant son, Ronald Wayne, who was baptized at St. Mary's church in Buffalo Grove.

Two Delco Light Machines and 56 batteries, guaranteed in perfect condition, for sale at a bargain or will trade for chickens or land. Chas. M. Berger, corner Higgins and Elmhurst roads. (9-5)

FARMOLOGY

EDITED BY O. G. BARRETT—COOK CO. FARM ADVISER
A. Niefeldt, Pres. Wm. Rohlfing, Vice-Pres.
Alfred Busse, Secy-Treas.
Truck Gardening—Henry Homeier, August Deeks
Gen. Farming—Julius F. Precht, Tom Welter, Jr.
Dairying—Fred W. Pfingsten, Henry Henke

Oh, yes, the picnic.

There is more than one farm problem, not the least of which is whether to turn the back 40 into a golf course or a landing field.

Whether to turn the front yard into a Tom Thumb golf course and whether to continue using the old gray mare to cultivate potatoes with or stand her out in the side yard and charge ten cents a ride!

The north-end fellows are pleased to know that the south-end fellows got the nice rain they have been wishing for. The south-end fellows are pleased to know that the north-end fellows have been getting their needed rains quite regularly for some time back.

More than once have we seen bankers and grocers and barbers fighting mad at their competitor who "set up" across the corner. If farmers were to take that attitude toward each other, they'd end their prayers for rain and relief from insects and disease with "Dear Lord, don't make it rain on my neighbor's crops. See to it, too, O Lord, that his crops be visited by insects and disease and straight way destroyed that he shall not have crops to enter into competition on the market with mine and that only I shall have produce in abundance, that there shall be exceeding demand."

Oh, yes, the picnic next Wednesday. Merry-go-round and races for the youngsters, basket lunches and stunts for the oldsters, dancing and boating for those who do not like to be classed as youngsters or oldsters, and ball games and fun galore for everybody.

Sante Fe Park, Tiedville, south-west of LaGrange, road plainly marked. Follow the crowd, Wednesday, August 27. Everything free—until 7:00 A. M.

Judge Byrd, our good friend—country life director, aviator, (in coming county commissioner, we hope)—is to be there and do some stunt-flying done only as a Byrd can do. He says he's going to take the Farm Adviser for "a ride."

If you have an idea you're pretty handy at baseball, bring along your mitt and bat. Tryouts are in the forenoon for the big game in the afternoon. Any Farm Bureau or Pure Milk member or son living and working at home is eligible. A fine silver cup is the prize for the team winning the game.

We hope no gangsters or politicians will be there. Oh, of course, we expect Commissioner Busse and Judge Byrd. In fact, we hope they will be there for they are interested in farming and are both members of ours.

Some of our 4-H club boys and girls are in Springfield right at present competing in their demonstration work with other sections of the state. We're sorry we cannot report the outcome in this issue, but we are hoping that next week we can report they came back the winners.

We carry fire insurance on our house and barn and have for a long time. It has come to seem to be the proper thing to do. Most

of us, too, have now got to the point where we carry insurance on our automobile. We spend this money as a means of protecting our assets realizing that the destruction of our barn or a liability judgment of several thousand dollars would seriously handicap us. But did you ever stop to think that your labor was far more valuable than your family or your business than your buildings or what would be represented by a judgment? The only way to protect the family against this loss and play fair with them is taking care of their needs as we should, even after our death, is by life insurance.

The country life insurance company, your own organization, is now making available for you protection at the least possible expense through the development of the twelve-year term policy which is available only to Farm Bureau members, sold at wholesale price.

Mr. Carncross reports that our Cook County members are showing considerable interest in this twelve-year policy.

It is always safer to park alongside a new car. It isn't so liable to scrape your fender as it backs out; likewise, in choosing a neighborhood to move into, good churches are a good indication and a good-sized corn stubble indicates the fertility of the soil.

And, again, don't forget the Farm Bureau-Pure Milk Penic. Be There.

This is CCFB now signing off.

Four Marx Brothers in "Animal Crackers" Now at McVickers

The Four Marx Brothers, Groucho, Harpo, Chico, and Zeppo, have completed their second talking picture, "Animal Crackers," now playing at the McVickers Theatre. "Animal Crackers" surpasses their first production in many ways. More modern "wise-cracks" were incorporated in their latest production, funnier lines are spoken, and their actions are exceedingly silly, yet clever.

The Four Brothers lost no time in presenting their bit of comedy for the talking screen after their huge success on the legitimate stage.

Talkie Pals Meet In Wild Company

Two actors who did their share in making "The King of Kings" one of the most successful of silent pictures ever produced, portray roles in "Wild Company," Fox Movietone all talking emotional drama coming to the Des Plaines Theatre Wednesday, Aug. 27.

They are H. B. Warner, who enacted the role of "The Christ" and Kenneth Thomson, who appeared as "Lazarus." In "Wild Company" Warner enacts the role of Henry Grayson, father of Larry Grayson, the untrained youth who becomes embroiled in a cabaret murder, while Thomson appears as the mendacious racketeer who frames the boy.

Frank Albertson, rising young screen actor, enacts the role of the son, and Sharon Lynn appears as the cabaret singer who lures him to his misadventure.

Duncan Sisters on Chicago Stage

The versatile stars, Vivian and Rosetta Duncan, are making another appearance in Chicago at the present time on the stage at the Chicago Theatre, prepared with a new and different type of act. They are coming to the Chicago Theatre stage with new songs and dances that are craved by all.

SPECIAL ASSESSMENT NOTICE

Notice is hereby given to all persons interested that the President and Board of Trustees of the Village of Arlington Heights, County of Cook and State of Illinois, having ordered that a connected system of sanitary sewers and appurtenances be constructed and laid in South Highland Avenue and other streets and avenues in said Village, the ordinance for the same being on file in the office of the Village Clerk of said Village, having applied to the County Court of said Cook County for an assessment of the cost of said improvement according to benefits and an assessment therefor having been made and returned to said Court, known as Arlington Heights Special Assessment Number 117, the final hearing thereon will be held on the 4th day of September, 1930, or as soon thereafter as the business of the Court will permit.

All persons desiring may file objections in said Court before said day and may appear on the hearing and make their defense.

Said ordinance for said assessment provides that said assessment shall be payable in ten (10) annual installments and shall bear interest at the rate of six (6) per cent per annum.

Dated: Arlington Heights, August 18th, 1930.
LORENZ TRAUB,
Officer and Person appointed to make said assessment.

Carolina Woman Lost 47 lbs.

In 3 Months and Feels Years Younger

"I have been taking Kruschen Salts for nearly 3 months. I have continued taking one teaspoonful in warm water every morning. I then weighed 217 pounds, was always bothered with pains in my back and lower parts of abdomen and sides.

"Now I am glad to say I am a well woman, feel much stronger, years younger and my weight is 170 pounds. I do not only feel better but I look better, so all my friends say.

"I shall never be without Kruschen Salts, will never cease taking my daily dose and more than glad to highly recommend it for the great good that is in it." Mrs. S. A. Solomon, New Bern, N. C., Jan. 1930." "P. S. You may think I am exaggerating by writing a lone letter but truly I feel so indebted to you for putting out such wonderful salts that I cannot say enough."

A bottle of Kruschen Salts that lasts 4 weeks costs but 85 cents at Wendt's Drug Store and drug-gists the world over. Take one half teaspoon in a glass of hot water every morning before breakfast—walk a little each day. Do not overeat.

at Schroeder's Pharmacy and drug-store.

How Do You Spell It?
When some one is trying to get you to invest money in a good buy, make him specify as to the spelling of that last word—Arkansas Gazette.

COOK COUNTY GARDEN SPOT OF ILLINOIS

(Continued from page 1)
One whole midway is devoted to the D. D. Murphy shows, fair ground shows of all descriptions and there are any number of rides and whirligigs of every description all over the place. In front of the grandstand a fine program of vaudeville acts is given twice daily and a gigantic fireworks display burns up thousands of dollars worth of fireworks each night.

In the afternoon high class harness races feature the program with some of the best harness horses and leading drivers in America in every race and holding the spotlight with them are a flock of "has been" and "used to be runners," battling it out for \$200 purses and getting more excitement out of the crowd per race than the whole costly harness horse program.

The runners are to have their big day on Saturday when the Governor's derby will be run and Earl Sande, Steffen and other great riders will be seen in action. Sande and Steffen are flying to Springfield from Saratoga, N. Y., with Mr. and Mrs. John D. Hertz and other notables of the Arlington Park Jockey club.

Altogether central Illinois is a busy place this week, but over all of the festivities incident to the State fair and the political pow-wows there hangs a damper of uncertainty about just how much damage the record breaking drought has done. Just what the relief agencies are going to do about it, a wonderment as to when times are going to be better and a general air of uncertainty that robs the occasion of much of its light hearted carnival spirit and makes the people proceed with their merry making in a sort of forced and conservative manner.

Oh Boy! What Joy LIFT CORNS RIGHT OUT

The English Way

Right from England comes the new, better, joyful way to take out corns—roots and all. Callouses go also and you can rub off that hard skin on heels and toes with your hand—the magic treatment.

Ask Wendt's Drug Store or any Leading druggist for a package of Radox—put 2 tablespoonfuls in a gallon of hot water—do this for 3 or 4 nights in succession—then lift out the corns.

This joyful exhilarating foot bath is simply great—you'll enjoy every minute of it and your burning, sore, tired, aching feet will feel better than they have for years—ask for Radox and foot comfort will be yours.

WAL. CO. FAIR ELKHORN. SEP. 1-5

VILLAGE BOARD TO ACCEPT THE SCARSDALE WELL

(Continued from page 1)

amounting to \$15 were ordered paid.

Ordinance No. 526, providing for sewers on N. Chestnut avenue, was passed.

On motion Chas. Grandt was awarded \$338.70 for sidewalks constructed by him which matter had been held up for some three years on legal uncertainty. The property owners benefitting will be assessed the amount.

An ordinance No. 528, for laying sidewalks on a section of North Belmont avenue, was passed.

Mr. O. G. Barrett, S. Mitchell street, was present in regard to a better sewer connection, now that the new sewer is going through. On motion by Mr. Muller, seconded by Mr. Jasper, the matter was referred to the Engineer and Attorney, with power to act.

Mr. Meyer of S. State road, asked for a temporary water permit on account of his well going dry, and on motion duly passed, Mr. Meyer was given the regular form of temporary permit; he will have to pay the regular special assessment when permanent water pipes are later laid his way.

Following are the bills and payroll from August 4 to August 18, passed at this meeting:

TRUCK GROWERS ANNUAL OUTING GREAT SUCCESS

(Continued from page 1)

A short time in the afternoon was given over to brief talks given by men prominent in County affairs, who were present as guests of the organization. Introductory remarks were made by President Geweke and Secretary Steil, after which former Representative Lewis B. Springer, M. S. Szymczak, clerk of the Superior court, Messrs. Busse and Kriz of the County board, P. M. Hoffman and Mr. A. J. Cermak, president of the County board were introduced. All talked briefly along various lines, but the unanimous opinion of all was that the occasion furnished a delightful opportunity for members all over the county to become acquainted with each other thus strengthening the bonds of friendship and good fellowship between them.

They further intimated that the agricultural industry was the backbone of the country and much depends on the farmer which explains why they must be one for all and all for one.

An interesting baseball game was one of the features of the afternoon. Horseshoe courts were popular all of the time. Races for the youngsters with appropriate prizes, and not to forget the fat men's race, held the attention of the crowds. A six piece orchestra furnished snappy music and those who wished enjoyed dancing in the spacious log pavilion.

Everything possible was done to make the affair a pleasant enjoyable one for all and the committee in charge, Messrs. Henry Gerken, Frank Klein, Walter Sasse and Geo. Steil, deserve credit for their efforts. They are well pleased with the outcome of this, the first official association outing and look forward to the next annual affair with keen interest and plans for a still greater success.

Konjola Ends Rheumatism and Other Ailments

Peoria Man Enthusiastic—"Can Recommend New Medicine." He says—Finds Quick Relief.

MR. ANTON BRUNO

Results are what count, and Konjola can be counted on for results. That is why Konjola is a household word in tens of thousands of American homes. Take, as an example of Konjola at work the case of Mr. Anton Bruno, 130 Chicago street, Peoria, who declares: "I suffered with rheumatism, stomach trouble and constipation for six years. My arms and legs pained me constantly, and I could not sleep. Not a thing I tried helped me, and then I tried Konjola. Today my rheumatism is greatly improved; I sleep better and my food digests without gas accumulation or abdominal pains. I surely recommend this new medicine." Konjola does work quickly, yet a complete treatment of from six to eight bottles is strongly recommended for best results. Konjola is sold in Arlington Heights, Ill., at Sieburg's Drug Store, and by all the best druggists in all towns throughout this entire section.

See... how much our General Electric Refrigerator has saved us!

The economical operation of the Monitor Top is accountable for the overwhelming popularity of General Electric Refrigerators.

General Electric Refrigerators are not in the luxury class. They reduce expenses. They save money. The dependable, economical operation of the Monitor Top makes it possible for the family of the most moderate means to enjoy the advantages of electric refrigeration.

The Goodyear Heavy Duty Cushion Tire With All-Weather Tread

The trucks that haul the heavy loads, that make short hauls at low speeds, that travel muddy treacherous roads or wet and icy streets, operate to great advantage on Goodyear Heavy Duty Cushion Tires.

This massive tire, with its big diamond shaped tread blocks, has tremendous tractive power, fitting it ideally to the needs of winter service, or for work in lumber camps, oil fields, gravel and sand pits, excavations, road building and general construction activities.

It is built more ruggedly than ever, to give the maximum of wearing strength and long, economical mileage. The tread is easily renewed for extra service.

This tire is specially designed for rear-wheel equipment of trucks employed in either medium duty or the heaviest duty known.

We Will be Glad to Call See Us Before You Buy

Don't misinterpret the state law on solid tires—as only trucks used for the purpose of carrying seven passengers and more must be on Pneumatic Tires

YOU CAN STILL USE SOLID TIRES
